IBM IBM certifications III

000-117: IBM Entry Level High Volume Storage and Sales

Practice Exam: 000-117 Exams

Exam Number/Code: 000-117

Exam Name: IBM Entry Level High Volume Storage and Sales

Questions and Answers: 85 Q&As

([IBM certifications III](#))

Exam : [000-117](#)

"IBM Entry Level High Volume Storage and Sales", also known as 000-117 exam, is a IBM certification. With the complete collection of exam questions, Just4Study has assembled to take you through 85 Q&As to your 000-117 exam preparation. In the 000-117 exam resources, you will cover every field and category in IBM Certification helping to ready you for your successful IBM Certification.

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for IBM IBM certifications III 000-117 (IBM Entry Level High Volume Storage and Sales) examination of original title complete coverage. 000-117 exam questions help you pass the exam.

Just4Study 000-117 Feature:

* High quality - High quality and valued for the 000-117 Exam: 100% Guarantee to Pass Your 000-117 exam and get your IBM certifications III certification.

* Authoritative - Authoritative braindumps with complete details about 000-117 exam.

* Cheaper - Our Just4Study products are cheaper than any other website. With our completed IBM certifications III resources, you will minimize your **IBM IBM certifications III** cost and be ready to pass your 000-117 exam on Your First Try, 100% Money Back Guarantee included!

* Free - Try free IBM certifications III demo before you decide to buy it in <http://www.Just4Study.com>.

Just4Study Guarantee:

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the 000-117 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

Free 000-117 Demo Download

Just4Study offers free demo for IBM certifications III 000-117 exam (IBM Entry Level High Volume Storage and Sales). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **IBM IBM certifications III 000-117** examination of original title complete coverage.000-117 Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

VUE/Prometric Code: 000-117

Exam Name: IBM Entry Level High Volume Storage and Sales(IBM certifications III)

Questions and Answers: 85 Q&A

[IBM 000-117](#) Test belongs to one of the IBM certifications III certified test, if needs to obtain the IBM certifications III certificate, you also need to participate in other related test, the details you may visit the [IBM certifications III](#) certified topic, in there, you will see all related IBM certifications III certified subject of examination.

Just4Study professional provide IBM certifications III 000-117 the newest Q&A, completely covers 000-117 test original topic. With our complete IBM certifications III resources, you will minimize your IBM certifications III cost and be ready to pass your 000-117 tests on Your First Try, 100% Money Back Guarantee included!

Just4Study Help You Pass Any IT Exam

[Just4Study.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : IBM 000-117

Title : IBM Entry Level High Volume Storage and Sales

1. In order to mirror data over a typical WAN using the Enhanced Remote Mirroring premium feature, which of the following devices needs to be provided as part of the overall solution?

- A.FC to IP router
- B.DS3300
- C.x3650 with ServRAID Card
- D.SCSI to Fibre channel bridge

Answer: A

2. A customer is planning a VMware VI3 installation and will be using VMotion. Initially they need 2TB with the ability to grow up to 14TB of Fibre Channel disk space and redundant connections for up to three servers without the use of switching. What is the storage solution that meets these requirements?

- A.EXP3000
- B.DS3200
- C.DS3400
- D.DS4700

Answer: D

3. Which of the following topics should be discussed with the customer FIRST, prior to designing a backup and recovery solution?

- A.Off-site tape recovery
- B.Disaster Recovery Plan (DRP)
- C.Recovery Point Objective (RPO)
- D.Availability of a secondary site

Answer: C

4. A customer has a DS4000 and a tape library. They have expressed a concern that the storage is not being utilized effectively. You have been asked to present a short presentation on Information Lifecycle Management.

Which of the following is a key point to highlight during the presentation?

- A.Running Global Mirror for remote replication
- B.Archiving infrequently accessed data to less expensive storage
- C.Consolidating multiple storage controllers to one disk solution
- D.Migrating data to new tape technology to increase library capacity

Answer: B

5. A customer is concerned with their growing database. Currently they have System x servers with SCSI drives. They are concerned about performance.

What are some of the issues to improve performance keeping cost as a concern?

- A. Activate additional cache modules
- B. Change to 15k RPM FC disk drives
- C. Move the database onto networked attached storage
- D. Change RAID Configuration on the storage

Answer: B

6. The customer has a messaging system running on a server with internal SCSI drives. The customer believes that they need to convert to updated storage. What type of storage solution does the customer have, and what would be easiest IBM Storage Subsystem to implement to satisfy their requirements?

- A. NAS - EXP1000
- B. DAS - DS3200
- C. SAN - DS4200
- D. DAS - DS4700

Answer: D

7. When migrating older data from a more expensive disk to a less expensive disk, which of the following drive technologies would be the most appropriate choice for housing the migrated data?

- A. Ultra SCSI
- B. EIDE
- C. SAS
- D. SATA

Answer: D

8. A customer asks you to recommend a storage subsystem that supports SATA ONLY. Which IBM storage model would you recommend?

- A. DS4700
- B. DS3300
- C. EXP810
- D. DS4200

Answer: D

9. Your customer needs the ability to provision many servers into his infrastructure quickly and have on demand access to storage within their Ethernet network. Which storage system would provide ease of on demand storage with the customer's current infrastructure?

- A. DS3200
- B. DS3300
- C. DS3400
- D. EXP3000

Answer: B

10. A customer is running a database in a Linux cluster environment. What solution should be used to provide a stable environment for Data Sharing?

- A. Commonstore
- B. DS3300 with IP Replication
- C. General Parallel File System (GPFS)
- D. Linux server with DS3400 storage systems

Answer: C

11. A customer's major concern is the high cost of implementing a Storage Area Network. They need to consolidate storage and share data while utilizing existing network infrastructure.

Which IBM product should be proposed?

- A. DS3300 Storage Systems

B.DS3200 Storage Systems

C.DS4700 Storage Systems

D.SAN Volume Controller

Answer: A

12. Which is a capability of Enhanced Remote Mirroring (ERM)?

A.One-to-many copy replication

B.One-to-One copy replication

C.Replication to a DS3000 storage system

D.Multiple consistency groups

Answer: B

13. When trying to calculate usable disk space while modeling different RAID levels, what tool would you use?

A.PSxRef

B.COG

C.DS4000 Space Calculator

D.Storage Magic

Answer: C

14. A customer has a heterogeneous environment. They want the ability to scale their storage infrastructure to meet rapidly changing business conditions.

Which of the following would be most appropriate to discuss with the customer?

A.Business Continuity

B.On Demand Environment

C.Tiered Storage Hierarchy

D.Information Lifecycle Management

Answer: B

15. A customer is considering using an archived data management application. Which of the following drive technologies would be the most appropriate choice for housing the archived data?

A.SATA

B.EIDE

C.SAS

D.Ultra SCSI

Answer: A

16. A rapidly growing customer is concerned with the possibility of a natural disaster occurring in the area. They currently have two System X servers, both being backed up locally to an IBM TS3200 Tape Library. Tapes are taken offsite nightly.

What is the next level of disaster recovery keeping cost as a concern?

A.Activate Enhanced Remote Mirroring between the production and remote location.

B.Make multiple copies of the data each night for local and remote use.

C.Move the tape library to a remote location and perform backups nightly.

D.Duplicate the existing production environment at a remote location.

Answer: C

17. Which storage technology allows the greatest distance between the server and the storage without use of routers or other devices?

A.iSCSI

B.SAS

C.SCSI

D.Fibre Channel

Answer: D

18. A customer needs storage with at least 2GB of battery-backed cache per controller and at least 12 drives. Which solution meets the customer's requirements?

- A. EXP3000
- B. DS3200
- C. DS3400
- D. DS4700

Answer: D

19. A customer has identified that their storage needs are growing 12% to 15% per year. Their current storage requirements are 22TB and will need 6TB more within the next three months. What discussion points should you target with your customer to address their concerns?

- A. DS3400 supports hot add drive and EXP3000 for on demand storage provisioning
- B. DS4200 supports of RAID 0, 1, 3, 5, 6, 10 for added data protection
- C. DS3300 supports iSCSI for low cost access of multiple servers
- D. DS4700 supports RedHat Linux with Samba for storage sharing

Answer: A

20. A customer has a DS3300 and a tape library. They have expressed a concern that the SAS, SATA and tape storage is not being utilized effectively. You have been asked to give a short presentation on all forms of backup and recovery, including Advanced Copy Services.

Which of the following is a key point to highlight during the presentation?

- A. Running FlashCopy for point-in-time copies to streamline backup process
- B. Using Volume Copy to migrate infrequently accessed data to less expensive storage
- C. Consolidating multiple storage controllers to one disk solution
- D. Migrating data to new tape technology to increase library capacity

Answer: B
