Exam : SUN 310-027

Title : SUN CERTIFIED DEVELOPER FOR J2SE

#### 1. Essay #2C

This is an essay question. This question will be answered using the Comment button showing on the bottom of the screen. You can close and re-open the Comment window as many times as you need to complete your answer.

When you are finished answering, use the Next button to move to the next question.

Describe the record-locking mechanism that you implemented for your programming project. Why is it threadsafe?

Note:

This exam will be assessed with the programming assignment that you have already submitted to the Sun Microsystems Certification database. Both this exam and the programming assignment will be assessed together by an independent third party, and will take approximately 4 - 6 weeks to complete.

You may view your results in the Sun Certification database -- [www.certmanager.net/sun](http://www.certmanager.net/sun) approximately 4 - 6 weeks after completing your assignment and essay exams.

You will be able to contact the Sun Microsystems Certification department through the Help Request screen of the database should you have any questions.

To help you further your growth and achievement in the Java language, Sun Educational Services offers a wide variety of instructor-led training (ILT), web-based training, and media-based training that can help you prepare for future certification examinations. You can find information on these offerings, as well as further information on certification examinations online at the Sun Educational Services Web site at: <http://suned.sun.com/US/certification/>.

Prometric, a part of the Thomson Corporation, thanks you for taking a Sun Microsystems Certification Test at an Authorized Prometric Testing Center. Important Note: In order to aid processing of Sun certification materials, please verify your name on this score report (as it will appear exactly as spelled on your certificate) and your address as shown on this score report for all certification material delivery and correspondence. For address changes or name spelling corrections, please email the corrections to [SunCert@Prometric.com](mailto:SunCert@Prometric.com) and our customer service representative will make the requested change.

#### 2. Essay #1C

This is an essay question. This question will be answered using the Comment button showing on the bottom of the screen. You can close and re-open the Comment window as many times as you need to complete your answer.

When you are finished answering, use the Next button to move to the next question.

Did you choose object streams or RMI for your client-server connection? Why did you choose the approach that you chose? What are the advantages and disadvantages of your choice?
