### Cisco Others

#### 642-972: Data Center Application Services Design

**Practice Exam:** 642-972 Exams

**Exam Number/Code:** 642-972

**Exam Name:** Data Center Application Services Design

**Questions and Answers:** 88 Q&As

( [Others](#) )

"Data Center Application Services Design", also known as 642-972 exam, is a Cisco certification. With the complete collection of exam questions, Just4Study has assembled to take you through 88 Q&As to your 642-972 exam preparation. In the 642-972 exam resources, you will cover every field and category in Cisco Certification helping to ready you for your successful Cisco Certification.

Exam : [642-972](#)

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for Cisco Others 642-972 (Data Center Application Services Design) examination of original title complete coverage. 642-972 exam questions help you pass the exam.

#### **Just4Study 642-972 Feature:**

\* High quality - High quality and valued for the 642-972 Exam: 100% Guarantee to Pass Your 642-972 exam and get your Others certification.

\* Authoritative - Authoritative braindumps with complete details about 642-972 exam.

\* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Others resources, you will minimize your **Cisco Others** cost and be ready to pass your 642-972 exam on Your First Try, 100% Money Back Guarantee included!

\* Free - Try free Others demo before you decide to buy it in <http://www.Just4Study.com>.

#### **Just4Study Guarantee:**

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the 642-972 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

#### **Free 642-972 Demo Download**

Just4Study offers free demo for Others 642-972 exam (Data Center Application Services Design). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **Cisco Others 642-972** examination of original title complete coverage. 642-972 Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

**VUE/Prometric Code: 642-972**

Exam Name: Data Center Application Services Design( Others )

Questions and Answers: 88 Q&A

[Cisco 642-972](#) Test belongs to one of the Others certified test, if needs to obtain the Others certificate, you also need to participate in other related test, the details you may visit the [Others](#) certified topic, in there, you will see all related Others certified subject of examination.

Just4Study professional provide Others 642-972 the newest Q&A, completely covers 642-972 test original topic. With our complete Others resources, you will minimize your Others cost and be ready to pass your 642-972 tests on Your First Try, 100% Money Back Guarantee included!

### **Just4Study Help You Pass Any IT Exam**

[Just4Study.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : Cisco 642-972

Title : Data Center Application Services Design

1. You are the cisco device provider. You have chance to introduce Cisco ACE Module to the IT manger from TestInside.He ask you,Which two features of the Cisco ACE Module differentiate it from the Cisco ACE 4710 Appliance? (Choose two.)

- A. FTP compression coprocessor
- B. dual network processors
- C. Independant control and data planes
- D. Ethernet out-of-band communication channel

Answer: BD

2. You are the network administrator for pass4usre.com, and you are considering a Cisco ACE Module implementation, which two requirements should be confirmed first through a site survey? (Choose two.)

- A. Cisco Catalyst 4500 Switch chassis with an open-fabric-enabled port  
Cisco Catalyst 4500 Series Supervisor Engine 4  
Cisco IOS Software Release 12.2(31)SGA or later
- B. Cisco Catalyst 6509 Switch chassis with an open-fabric-enabled port  
Cisco Catalyst 6500 Series Supervisor Engine 32  
Cisco IOS Software Release 12.2(18)SXF4 or later
- C. Cisco 7600 Switch chassis with an open-fabric-enabled port  
Cisco 7600 Series Supervisor Engine 720  
Cisco 7600 Series Route Switch Processor 720  
Cisco IOS Software Release 12.2(18)SXF4 or later
- D. Cisco Catalyst 6506 Switch chassis with an open-fabric-enabled port  
Cisco Catalyst 6500 Series Supervisor Engine 720  
Cisco IOS Software Release 12.2(18)SXF4 or later

Answer: CD

3. You are the network administrator for pass4usre.com, you are testing Cisco ACE.Given a design to load-balance a web application based on browser type, which type of decision will the Cisco ACE appliance need to make?

- A. a Layer 4 decision based on TCP port 100
- B. a Layer 4 decision based on the HTTP request header field HOST
- C. a Layer 7 decision based on the HTTP request header field HOST
- D. a Layer 7 decision based on the HTTP request header field User\_Agent

Answer: D

4. Mike is the network administrator for pass4usre.com. He gets a call from one customer to ask him through which method the Cisco ACE Module can obtain keys and certificates

His answer is generate keys and a CSR for certificate signing by a root authority, is it correct

A. Yes

B. No

Answer: A

5. TestInside is planning to build one e-commerce platform. Cisco GSS is Global Site Selector. When deploying Cisco GSS into an infrastructure supporting e-commerce, how to ensure clients will always be returned to the same site?

A. Enable load balancing sticky on the Cisco ACE appliance

B. Disable network proximity on the CSS

C. Enable network proximity on the Cisco GSS

D. make DNS sticky on the Cisco GSS

Answer: D

6. You are the senior desktop administrator for TestInside.com. A potential customer is thinking about a full data center virtualization strategy and is putting off network purchasing decisions. And he plans to deploy VMware before compatibility testing for storage and networking. What will be the best response for this case?

A. Be sure that the customer is aware of that Cisco has the only complete network solution sets authorized by VMware.

B. Tell the customer that Cisco will release a version of VMware as an embedded network service soon, so you can guarantee the compatibility with Cisco equipment.

C. Be sure that the customer is aware of that Cisco has a financial stake and a place on the board of VMware, so Cisco will follow whatever VMware is doing. Any networking products bought from Cisco today are guaranteed to be upgraded to match any changes made by VMware.

D. Explain how the Cisco VFrame Data Center has been tested and approved to provision not only VMware but also the Cisco networking solutions; so today's purchase of Cisco networking equipment automatically integrates into a wider data center virtualization strategy, satisfying both the needs of the existing data center and adapting the virtualized environment as it evolves.

Answer: D

7. WCCPv2 is Web Cache Communications Protocol V2. WAAS is Wide Area Application Services. Why WAAS deployments need it?

A. Enable firewall transparency

B. Enable NetFlow data collection

C. Redirect traffic to a Cisco ACE Module

D. Intercept and redirect traffic to the WAE

Answer: D

8. You are the senior desktop administrator for TestInside.com. You are meeting a potential customer who are insisting that he would prefer to work with a specialist supplier. Which of following statements would be the best response to change this customer's attitude?

A. Yes, specialist suppliers may have better technical capabilities in their own niche area, but Cisco is promoting quickly.

B. In fact, most specialist suppliers are those who quited from Cisco to try and make some hot money.

C. Cisco will obtain specialist suppliers after their products are well-rounded, so you'd better to work with Cisco early.

D. Well, you know, Cisco data center sales professionals are specialists in a comprehensive range of data center technologies that are tested, integrated, and supported by a single supplier: Cisco.

Answer: D

9. You are a Cisco engineer of TestInside.com. As far as you know, which two of the following you will benefit from unified fabric? (Choose two.)

A. reduced throughput

B. reduced I/O bandwidth

- C. reduced cabling
- D. reduction of server adapters required for I/O

Answer: CD

10. You are the network administrator for pass4usre.com, Cisco GSS is Global Site Selector. When a request for DNS name resolution is required in a DRP proximity implementation on the Cisco GSS, \_\_\_\_ is the maximum number of zones allowed within a single Cisco GSS proximity environment.

- A. 15
- B. 32
- C. 40
- D. 60

Answer: B

11. You work as a Cisco engineer in the data center of TestInside.com. A potential customer casts doubt on this statement: "The data center lacks of agility will affect the ability of the business to react promptly to changing market conditions. In this case, what would be a first-step to response?"

- A. segment the network into a set of physical LAN and SAN islands that can be brought on line quickly when business conditions change
- B. consider a virtualization solution that will help reduce the number of physical switches, firewalls, and security appliances
- C. buildspare application silos that can be implemented quickly to meet changing business requirements
- D. propose a network-embedded application optimization solution so that business applications can react quickly to changing requirements without needing to change the main application on the server

Answer: B

12. As a senior network engineer working in TestInside.com, You should know the key features of many Cisco device. In which of these situations is the Cisco ACE feature for HTTP header rewrite useful?

- A. you must enable SSL client certificates
- B. you must backup server for fault tolerance
- C. you must change the Rserver that receives a session without reproxying the connections
- D. you must divert an unencrypted session to a server that listens only on an encrypted port

Answer: D

13. Content routing routes user requests to the replicated-content site (typically a mirror site) that can serve them most quickly and efficiently. The Content Routing software, once installed and configured on a Content Router, redirects a user request to the "closest" (best) replicated-content site, based on network delay, using a software process called boomerang. The Content Routing software load balances up to 500 sites for each domain it is configured to support. Which statement is true of a content-routing solution?

- A. enhance the security of data center
- B. only works for UDP-based applications
- C. provides local redundancy in a single data center
- D. used for site selection in Global Site Load Balancing

Answer: D

14. In order to maximum the usage of the network in TestInside.com, The network administrator plan to implement global load-balancing technology. Which Cisco ACE protocol communicates with the Cisco GSS to provide global load-balancing functionality?

- A. KAL-AP
- B. GSSP
- C. SNMP
- D. RHI

Answer: A

15. You are the network administrator for pass4usre.com. You get a call from one customer to ask which three resources can be allocated to a context? (Choose three.)

- A. SSL bandwidth
- B. amount of xlates
- C. amount of supported VIPs
- D. data connections in every second

Answer: ABD

16. You are the network administrator for pass4usre.com .You need to deploy 30 WAEs in your data center. Which method or methods can be used to load-balance traffic across the WAEs?

- A. ACE
- B. WCCPv2
- C. WAAS Central Manager
- D. GSSP

Answer: AB

17. You are a Cisco engineer of TestInside.com. A new trainee inquires that how will the Cisco ACE XML gateway promote server performance, so what's the best response?

- A. by supplying SSL security for XML transfers
- B. by offloading XML functions from the server
- C. by moving XML traffic to the server
- D. by translating XML messages to HTML messages

Answer: B

18. Cisco GSS is Global Site Selector .The Cisco GSS serves as an authoritative name server for one or more domains. Which three of these must be configured on the firewall to permit communication through to it? (Choose three.)

- A. DNS queries
- B. UDP messages
- C. FTP, Telnet, SSH, SNMP
- D. KAL-AP, ICMP, HTTP, and user defined TCP Ports

Answer: ACD

19. TestInside need redesign the network,the network administrator plan upgrade from CSM to Cisco ACE.Before the implementation,TestInside network administrator want to know the benefit of this implementation.Which two of these are benefits of migrating from CSM to Cisco ACE? (Choose two.)

- A. virtualization
- B. server round robin
- C. integration into MSFC IOS
- D. scalability with software licenses

Answer: AD

20. You are the senior desktop administrator for TestInside.com. A potential customer casts doubt on the following conditions:

The main data center is full.

A new production system is coming on line this year.

Five smaller data centers across the world are fragmented and uncoordinated.

What would be a first-step to response?

- A. bring forward an application optimization solution so that the new production system could be sent from blade servers rather than rack-mounted servers
- B. move straight to a virtualization and provisioning strategy across all data centers
- C. create a new business continuity strategy to ensure that all the data centers are properly backed up
- D. implement consolidation around the main data center using Cisco network embedded services as a means of

reducing space, power, and heat in the main data center

Answer: D
