Exam : [646-361](#)

"Foundation Express for Account Managers(FOUNDAM)", also known as 646-361 exam, is a Cisco certification. With the complete collection of exam questions, Just4Study has assembled to take you through 69 Q&As to your 646-361 exam preparation. In the 646-361 exam resources, you will cover every field and category in Cisco Certification helping to ready you for your successful Cisco Certification.

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for Cisco Others 646-361 (Foundation Express for Account Managers(FOUNDAM)) examination of original title complete coverage. 646-361 exam questions help you pass the exam.

#### **Just4Study 646-361 Feature:**

\* High quality - High quality and valued for the 646-361 Exam: 100% Guarantee to Pass Your 646-361 exam and get your Others certification.

\* Authoritative - Authoritative braindumps with complete details about 646-361 exam.

\* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Others resources, you will minimize your **Cisco Others** cost and be ready to pass your 646-361 exam on Your First Try, 100% Money Back Guarantee included!

\* Free - Try free Others demo before you decide to buy it in <http://www.Just4Study.com>.

#### **Just4Study Guarantee:**

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the 646-361 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

#### **Free 646-361 Demo Download**

Just4Study offers free demo for Others 646-361 exam (Foundation Express for Account Managers(FOUNDAM)). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **Cisco Others 646-361** examination of original title complete coverage.646-361 Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

**VUE/Prometric Code: 646-361**

Exam Name: Foundation Express for Account Managers(FOUNDAM)( Others )

Questions and Answers: 69 Q&A

[Cisco 646-361](#) Test belongs to one of the Others certified test, if needs to obtain the Others certificate, you also need to participate in other related test, the details you may visit the [Others](#) certified topic, in there, you will see all related Others certified subject of examination.

Just4Study professional provide Others 646-361 the newest Q&A, completely covers 646-361 test original topic. With our complete Others resources, you will minimize your Others cost and be ready to pass your 646-361 tests on Your First Try, 100% Money Back Guarantee included!

### **Just4Study Help You Pass Any IT Exam**

[Just4Study.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : Cisco 646-361

Title : Cisco(r) Foundation Express for Account Managers

1. The Cisco Catalyst 4500 Series of switches supports which two features? (Choose two.)

- A. Enhanced Multilayer Software Image
- B. connectivity to multiple types of WAN connections
- C. Cisco IP Telephony CallManager
- D. routing at Layer 3 of the OSI model
- E. integrated PoE distribution

Answer: DE

2. You are meeting with a customer who is concerned about improving employee productivity. What are two ways that you should position the Cisco SDN with this customer? (Choose two.)

- A. A Cisco Integrated Security Solution uses the Cisco IIN to form a layered and integrated network of protection that enables the enforcement of security policies throughout the infrastructure.
- B. A Cisco Integrated Security Solution provides software tools that allow customers to centrally manage their network security policies.
- C. In contrast to point products, the Cisco SDN is a system of defense that leverages the ubiquitous sensing and control capabilities of the network. Each part communicates with the other to strengthen protection across the entire infrastructure.
- D. A Cisco Integrated Security Solution enables barriers that serve as both physical and virtual protection against possible threats. Security barriers include firewalls, authentication products, access control products, and tunneling and encryption techniques.

Answer: AB

3. What are three benefits of having a security policy in place? (Choose three.)

- A. reduced risk
- B. reduced downtime and failure
- C. mitigated security threats
- D. improved operational efficiency
- E. high availability
- F. increased services benefits

Answer: ABC

4. What best describes the features of the Cisco 850 Series routers?

- A. integrates data, security, and wireless
- B. integrates data, security, wireless, and application optimization
- C. integrates voice, data, security, wireless, and application optimization
- D. integrates data and wireless

Answer: A

5. Which series of Cisco Catalyst switches provides DSCP?

- A. Cisco Catalyst 3550 Series switches
- B. Cisco Catalyst 3750 Series switches
- C. Cisco Catalyst 4500 Series switches
- D. Cisco Catalyst 6500 Series switches

Answer: A

6. Both the Cisco Catalyst 4500 and 6500 Series switches provide multilayer switching, enhanced network speed, and QoS for high-quality voice and video communications. These capabilities make the switches especially well suited to accommodate which area?

- A. wireless LAN management
- B. broadband networks
- C. converged networks
- D. distributed LAN connectivity

Answer: C

7. IP communications, wireless, and security work best as an integrated system within the network infrastructure. Which two statements best describe the benefits of an intelligent, integrated network? (Choose two.)

- A. An intelligent, integrated network will make the top of the network infrastructure more efficient.
- B. An intelligent, integrated network will adapt to new technology without adding complexity.
- C. An intelligent, integrated network will add an application-level approach.
- D. An intelligent, integrated network will help to manage the escalating costs of systems.

Answer: BD

8. Which two business needs are reasons that you might want to recommend a Cisco Integrated Services Router? (Choose two.)

- A. high-bandwidth, innovative applications such as IP video
- B. a predominantly telecommuter workforce
- C. connecting the LAN to a service provider WAN
- D. an emphasis on performance and security for e-business
- E. a robust LAN intrusion detection system

Answer: AD

9. How can mobile devices and wireless networks be secured?

- A. by securely deploying new applications with appropriate performance levels
- B. by extending a control point onto mobile devices
- C. by looking subjectively at network traffic for abnormal flows of behavior
- D. by requiring a host-based hardware application

Answer: B

10. Which type of security will allow businesses to focus on achieving business goals?

- A. point-product security
- B. endpoint security
- C. network infrastructure security
- D. secure access and threat defense

Answer: C

11. How does the Cisco Security Agent proactively stop both known and unknown attacks?

- A. It reverse engineers and documents the attack.
- B. It looks subjectively at network traffic for abnormal flows of behavior.
- C. It creates a signature and updates the network security policies.

D. It actively monitors all vulnerable areas of the network.

Answer: B

12. Network integration helps to build a powerful business foundation. Which approach does Cisco use to integrate applications and services across the network infrastructure?

- A. application-level
- B. systems-level
- C. policy-level
- D. advanced services

Answer: B

13. What would be able to handle IP telephony and e-business applications concurrently?

- A. Cisco Catalyst switches
- B. Cisco SOHO routers
- C. Cisco 7000 Series WAN edge routers
- D. Cisco Integrated Services Routers

Answer: D

14. You are meeting with a customer who is concerned about high availability. What are two ways that you should position the Cisco SDN with this customer? (Choose two.)

- A. A Cisco Integrated Security Solution protects the business processes of an organization. Companies can take advantage of the network intelligence by improving business processes and cutting costs.
- B. A Cisco Integrated Security Solution enables barriers that serve as both physical and virtual protection against possible threats. Security barriers include firewalls, authentication products, access control products, and tunneling and encryption techniques.
- C. In contrast to point products, the Cisco SDN is a system of defense that leverages the ubiquitous sensing and control capabilities of the network. Each part communicates with the other to strengthen protection across the entire infrastructure.
- D. A Cisco Integrated Security Solution uses the Cisco IIN to form a layered and integrated network of protection that enables the enforcement of security policies throughout the infrastructure.

Answer: B C

15. Which Cisco Catalyst switches fit in the access area?

- A. Cisco Catalyst 2900 Series, Catalyst 7300 Series, and Catalyst 8000 Series
- B. Cisco Catalyst 2900 Series, Catalyst 3700 Series, and Catalyst 4500 Series
- C. Cisco Catalyst 2700 Series, Catalyst 7300 Series, and Catalyst 8000 Series
- D. Cisco Catalyst 2700 Series, Catalyst 3700 Series, and Catalyst 4500 Series

Answer: B

16. You are meeting with the business manager of a large accounting firm. The firm was recently attacked by an employee who sold information from confidential customer files.

Which Cisco SDN topic should you discuss with this customer?

- A. reduced downtime and failure
- B. mitigated security threats
- C. improved operational efficiency
- D. high availability

Answer: B

17. What are the two benefits of having desktop-to-Internet access protection with unified management? (Choose two.)

- A. implementation on a device-by-device basis
- B. reduced downtime and failure
- C. mitigated security threats

- D. improved network management capabilities
- E. increased productivity and converged network services

Answer: CE

18. In which two ways does an integrated security solution reduce TCO? (Choose two.)

- A. by enabling businesses to leverage investments in the network
- B. by spending less time addressing attacks
- C. by enforcing policy compliance
- D. through admission control

Answer: AD

19. Which type of software would the Cisco Catalyst 2950 Series switches use to deliver intelligent services to networks that require additional security, advanced QoS, and high availability?

- A. Enhanced Image
- B. Standard Image
- C. Cisco IOS software
- D. Enhanced Multilayer Software Image

Answer: A

20. Which statement best describes the benefits of Cisco Integrated Services Routers?

- A. In a single device, ISRs provide threat defense against attacks from hackers and viruses that can occur in the network.
- B. In a single device, ISRs provide the framework to integrate and extend wired and wireless networks.
- C. In a single device, ISRs provide concurrent security, voice, data, wireless, and application optimization services.
- D. In a single device, ISRs provide the common fabric, functionality, and CLI across the network.

Answer: C
