### Cisco Others

#### 646-391: Cisco Lifecycle Services Express(LCSE)

**Practice Exam:** 646-391 Exams

**Exam Number/Code:** 646-391

**Exam Name:** Cisco Lifecycle Services Express(LCSE)

**Questions and Answers:** 67 Q&As

( [Others](#) )

"Cisco Lifecycle Services Express(LCSE)", also known as 646-391 exam, is a Cisco certification. With the complete collection of exam questions, Just4Study has assembled to take you through 67 Q&As to your 646-391 exam preparation. In the 646-391 exam resources, you will cover every field and category in Cisco Certification helping to ready you for your successful Cisco Certification.

Exam : [646-391](#)

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for Cisco Others 646-391 (Cisco Lifecycle Services Express(LCSE)) examination of original title complete coverage. 646-391 exam questions help you pass the exam.

#### **Just4Study 646-391 Feature:**

\* High quality - High quality and valued for the 646-391 Exam: 100% Guarantee to Pass Your 646-391 exam and get your Others certification.

\* Authoritative - Authoritative braindumps with complete details about 646-391 exam.

\* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Others resources, you will minimize your **Cisco Others** cost and be ready to pass your 646-391 exam on Your First Try, 100% Money Back Guarantee included!

\* Free - Try free Others demo before you decide to buy it in <http://www.Just4Study.com>.

#### **Just4Study Guarantee:**

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the 646-391 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

#### **Free 646-391 Demo Download**

Just4Study offers free demo for Others 646-391 exam (Cisco Lifecycle Services Express(LCSE)). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **Cisco Others 646-391** examination of original title complete coverage.646-391 Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

**VUE/Prometric Code: 646-391**

Exam Name: Cisco Lifecycle Services Express(LCSE)( Others )

Questions and Answers: 67 Q&A

[Cisco 646-391](#) Test belongs to one of the Others certified test, if needs to obtain the Others certificate, you also need to participate in other related test, the details you may visit the [Others](#) certified topic, in there, you will see all related Others certified subject of examination.

Just4Study professional provide Others 646-391 the newest Q&A, completely covers 646-391 test original topic. With our complete Others resources, you will minimize your Others cost and be ready to pass your 646-391 tests on Your First Try, 100% Money Back Guarantee included!

### **Just4Study Help You Pass Any IT Exam**

[Just4Study.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : Cisco 646-391

Title : Cisco(r) Lifecycle Services Express(LCSE)

1. Which of the following definitions best describes services stack within the Cisco Lifecycle Services approach?
- A. the required set of services needed to successfully deploy and support Cisco Advanced Technologies
  - B. the identification of Advanced Technologies to best support business requirements and objectives
  - C. the minimum set of services that a customer needs to successfully deploy and operate a Cisco technology or solution
  - D. the minimum set of services required to operate and optimize Cisco Advanced Technologies

Answer: C

2. In the design phase, a benefit of which service component is accelerating the successful implementation of the customer's network by helping to ensure that the network acceptance test plan is complete?
- A. Migration Plan Development
  - B. Implementation Plan Development
  - C. Staff Plan Development
  - D. Systems Acceptance Test Plan Development
  - E. Staging Plan Development
  - F. Detailed Design Development

Answer: D

3. In the implement phase, staging involves installation and testing the customer's solution components in a non-production lab environment. Which of the following defines the benefit to the partner?
- A. Proper migration allows the customer to adopt the new hardware or software solution without an unacceptable disruption of their network services.
  - B. A properly planned and executed Day 1 support plan improves the customer's and their end-users' satisfaction with the implemented solution.
  - C. Staging validates that the system is operational to the customer and provides the customer with increased confidence in the implemented system.
  - D. Staging validates the system and proactively identifies and resolves any network implementation issues. It demonstrates to the customer that the partner will deploy a quality network in an efficient manner and mitigates risk that the incorrect software or hardware is delivered to the installation site.

Answer: D

4. Select the task most likely to be a part of the staging plan in the design phase.
- A. identify staff development requirements
  - B. create hardware and software configuration checklist
  - C. deliver detailed design presentation
  - D. host Implementation Kick-off Meeting

- E. determine critical timelines
- F. determine Cisco and partner roles and responsibilities

Answer: B

5. Which of the following is a task in the operations implementation service component of the implement phase?

- A. operations and network management system staging, installation, and configuration
- B. develop backup/recovery plan
- C. review Operation Design Document
- D. update and document logical and physical topology maps

Answer: A

6. Which of the following is a benefit of the operations plan service component within the design phase?

- A. finalizes the location and number of pieces of equipment to be staged
- B. helps reduce disruptions caused by unexpected events during network operations
- C. helps to accelerate the implementation of an advanced technology
- D. helps the customer understand the overall costs to build and operate the network
- E. ensures that the final design meets the business and technical requirements of the customer
- F. helps identify and reduce costly delays and problems in the implementation process

Answer: B

7. During the implement phase, systems acceptance testing does which of the following for the customer?

- A. installs, configures, tests, and commissions tools and processes in accordance with the operations implementation plan
- B. provides information indicating the customer-specific design requirements and configurations
- C. executes the migration plan by migrating network services from an existing state to a future state
- D. provides an objective means of measuring system operability and functionality

Answer: D

8. Network readiness assessment is an important service component in the plan phase. Which task is part of network readiness assessment?

- A. accounting for all advanced technology system assets and configurations
- B. conducting a discovery workshop to gather data and initiate network implementation plan development
- C. assessing current infrastructure and applications and their readiness to support proposed advanced technology system
- D. documenting network availability and redundancy requirements
- E. developing Site Readiness Assessment Report
- F. conducting Operations Readiness Assessment

Answer: C

9. In the design phase, which service component provides the customer with a comprehensive design specific to addressing operations and network management processes and tools?

- A. Implementation Plan
- B. Detailed Design Development
- C. Project Kick-off
- D. Business Requirements Document
- E. Business Plan
- F. Staging Plan

Answer: B

10. Which of the following phases represent the Cisco Lifecycle Services approach?

- A. Initiation, Planning, Analysis, Design, Development, Implementation, Operations, and Maintenance
- B. Project Planning, Site Assessment, Risk Assessment, Solution Selection and Acquisition, Testing, and Operations

- C. Prepare, Plan, Design, Implement, Operate, and Optimize
- D. Analysis, Design, Deployment, Testing, Implementation, and Production
- E. Presales, Project Planning, Development, Implementation, Operations Testing, and Operations Sign-off

Answer: C

11. Helping to reduce operating costs for a customer by enhancing IT staff productivity is a benefit of which service component within the design phase?

- A. Security Design Development
- B. Staging Plan Development
- C. Detailed Design Development
- D. Implementation Plan Development
- E. Migration Plan Development
- F. Staff Plan Development

Answer: F

12. In the implement phase, what is the possible customer benefit of implementation support (Day 1)?

- A. increases revenue or lowers operating costs or does both by helping to ensure that the implemented system is working to the measures defined in the system acceptance test plan
- B. provides documentation needed to understand the details of network that will be useful when planning for future changes to the system
- C. provides instructions on how to get technical support when needed
- D. assures customer of a fully operational system and that there is support, if needed.

Answer: D

13. Which of the following definitions best describes business requirements development within the prepare phase?

- A. a set of service component activities that assesses and documents the business requirements of a customer
- B. part of the systems design activity that identifies and documents business requirements to help deploy network technologies
- C. a service component activity that analyzes business requirements and recommends the appropriate technology strategy
- D. part of the high-level design activity that addresses business and technical requirements of the customer

Answer: A

14. Which task is included in the systems migration service component of the implement phase?

- A. customize Ongoing Support Hand-off Kit
- B. execute the Network Migration Plan
- C. monitor the system to identify occurrences of service-level metrics dropping below a defined threshold
- D. provide onsite technical support per Implementation Plan

Answer: B

15. In the implement phase, solution implementation involves which of the following task?

- A. analyze high-level design and technology requirements of the customer
- B. perform preliminary Site Assessment
- C. configure core products
- D. execute test cases

Answer: C
