### Cisco Others

#### 646-393: Cisco Lifecycle Services Express

**Practice Exam:** 646-393 Exams

**Exam Number/Code:** 646-393

**Exam Name:** Cisco Lifecycle Services Express

**Questions and Answers:** 143 Q&As

( [Others](#) )

"Cisco Lifecycle Services Express", also known as 646-393 exam, is a Cisco certification. With the complete collection of exam questions, Just4Study has assembled to take you through 143 Q&As to your 646-393 exam preparation. In the 646-393 exam resources, you will cover every field and category in Cisco Certification helping to ready you for your successful Cisco Certification.

Exam : [646-393](#)

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for Cisco Others 646-393 (Cisco Lifecycle Services Express) examination of original title complete coverage. 646-393 exam questions help you pass the exam.

#### **Just4Study 646-393 Feature:**

\* High quality - High quality and valued for the 646-393 Exam: 100% Guarantee to Pass Your 646-393 exam and get your Others certification.

\* Authoritative - Authoritative braindumps with complete details about 646-393 exam.

\* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Others resources, you will minimize your **Cisco Others** cost and be ready to pass your 646-393 exam on Your First Try, 100% Money Back Guarantee included!

\* Free - Try free Others demo before you decide to buy it in <http://www.Just4Study.com>.

#### **Just4Study Guarantee:**

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the 646-393 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

#### **Free 646-393 Demo Download**

Just4Study offers free demo for Others 646-393 exam (Cisco Lifecycle Services Express). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **Cisco Others 646-393** examination of original title complete coverage. 646-393 Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

#### **VUE/Prometric Code: 646-393**

Exam Name: Cisco Lifecycle Services Express( Others )

Questions and Answers: 143 Q&A

[Cisco 646-393](#) Test belongs to one of the Others certified test, if needs to obtain the Others certificate, you also need

to participate in other related test, the details you may visit the [Others](#) certified topic, in there, you will see all related Others certified subject of examination.

Just4Study professional provide Others 646-393 the newest Q&A, completely covers 646-393 test original topic. With our complete Others resources, you will minimize your Others cost and be ready to pass your 646-393 tests on Your First Try, 100% Money Back Guarantee included!

### **Just4Study Help You Pass Any IT Exam**

*Just4Study.com offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.*

Exam : Cisco 646-393

Title : Cisco Lifecycle Services Express

1. In the design phase, which service component includes developing and documenting the test case(s) used to verify that a deployed infrastructure meets the operational, functional, and interface requirements?

- A. Systems Acceptance Test Plan Development
- B. Staging Plan
- C. Business Plan
- D. Detailed Design Development
- E. Implementation Plan

Answer: A

2. Developing a plan that identifies specific activities required to take existing services and network architectures and implement them on a new platform or as new services is an activity of which service component in the design phase?

- A. Business Requirements Document
- B. Detailed Design Development
- C. Staging Plan
- D. Business Plan
- E. Migration Plan Development
- F. Implementation Plan

Answer: E

3. Your TestInside trainee, TestInside, asks you which of the following three tasks are executed in the security administration component of the operate phase? (Choose three.)

- A. utilization monitoring
- B. customer operational account creation
- C. identity management
- D. security incident management
- E. security configuration management
- F. security problem escalation

Answer: CDE

4. Your TestInside trainee, TestInside, asks you which of the following is a key objective of operations readiness assessment in the plan phase?

- A. install and test system components in a nonproduction environment
- B. assess the ability of site facilities to accommodate the proposed solution
- C. assess the current state of operations and network management infrastructure, including people, processes, and tools, to identify issues and opportunities
- D. assess existing network infrastructure and applications to verify its ability to support the proposed system

Answer: C

5. Which of the following definitions best describes business requirements development within the prepare phase?
- A. a set of service component activities that assesses and documents the business requirements of a customer
  - B. part of the systems design activity that identifies and documents business requirements to help deploy network technologies
  - C. part of the high-level design activity that addresses business and technical requirements of the customer
  - D. a service component activity that analyzes business requirements and recommends the appropriate technology strategy

Answer: A

6. Which of the following is a key objective of operations readiness assessment in the plan phase?
- A. install and test system components in a nonproduction environment
  - B. assess the ability of site facilities to accommodate the proposed solution
  - C. assess the current state of operations and network management infrastructure, including people, processes, and tools, to identify issues and opportunities
  - D. assess existing network infrastructure and applications to verify its ability to support the proposed system

Answer: C

7. Which one of the following describes the task for completing an operations readiness assessment in the plan phase?
- A. determining network elements that will be tested
  - B. reviewing hardware and software configuration staging plan
  - C. entering documentation into knowledge management system
  - D. developing backup/recovery plan
  - E. creating an escalation plan
  - F. obtaining and reviewing operation procedures and policies

Answer: F

8. In the implement phase, solution implementation involves which of the following task?
- A. perform preliminary Site Assessment
  - B. configure core products
  - C. execute test cases
  - D. analyze high-level design and technology requirements of the customer

Answer: B

9. In the implement phase, solution implementation involves which of the following task?
- A. Execute test cases
  - B. Configure core products
  - C. Perform preliminary Site Assessment
  - D. Analyze high-level design and technology requirements of the customer

Answer: B

10. In the implement phase, project close-out involves which of the following tasks?
- A. deliver education based on Staff Planning Development reports
  - B. customize ongoing support hand-off kit
  - C. conduct Engagement Profitability Assessment
  - D. execute network migration plan

Answer: C

11. In the design phase, performing a needs analysis to identify the resource requirements and skills needed to deliver and support a network infrastructure is an activity of which service component?
- A. Implementation Kick-off Meeting
  - B. Implementation Plan

- C. Project Kick-off
- D. Staging Plan
- E. Migration Plan
- F. Staff Plan Development

Answer: F

12. Which of the following definitions best describes services stack within the Cisco Lifecycle Services approach?

- A. the minimum set of services that a customer needs to successfully deploy and operate a Cisco technology or solution
- B. the required set of services needed to successfully deploy and support Cisco Advanced Technologies
- C. the identification of Advanced Technologies to best support business requirements and objectives
- D. the minimum set of services required to operate and optimize Cisco Advanced Technologies

Answer: A

13. In the implement phase, project close-out involves which of the following tasks?

- A. deliver education based on Staff Planning Development reports
- B. conduct Engagement Profitability Assessment
- C. execute network migration plan
- D. customize ongoing support hand-off kit

Answer: B

14. Which service component within the prepare phase provides a high-level, conceptual architecture of the proposed system that addresses the business requirements of the customer?

- A. High-level Proof of Concept
- B. Technology Strategy Development
- C. High-level Technology Strategy
- D. High-level Design Development
- E. Business Requirements Development

Answer: D

15. Which service component within the design phase does the following describe? Consider the customer's defined business requirements and the associated performance, availability, resiliency, maintainability, resource capacity, and security criteria used to measure and assure the delivery of the required services.

- A. Staging Plan
- B. Implementation Plan
- C. Business Plan
- D. Detailed Design Validation
- E. Project Kick-off

Answer: B

16. Developing a plan that identifies specific activities required to take existing services and network architectures and implement them on a new platform or as new services is an activity of which service component in the design phase?

- A. Migration Plan Development
- B. Detailed Design Development
- C. Business Plan
- D. Staging Plan
- E. Implementation Plan
- F. Business Requirements Document

Answer: A

17. In the operate phase, the task accounting for all system assets and configurations is part of which service component?

- A. Configuration Management

- B. Problem Management
- C. Change Management
- D. Incident Management

Answer: A

18. Which service component within the prepare phase validates the features and functionality documented in the high-level design of a solution?

- A. Proof of Concept
- B. High-level Design Development
- C. Business Case Development
- D. Business Requirements Development
- E. Operations Technology Strategy Development
- F. Technology Strategy Development

Answer: A

19. Your TestInside trainee, TestInside, asks you which of the following is a task in the operations implementation service component of the implement phase?

- A. operations and network management system staging, installation, and configuration
- B. develop backup/recovery plan
- C. review Operation Design Document
- D. update and document logical and physical topology maps

Answer: A

20. Which services component within the prepare phase provides financial justification and business benefits for a customer to review and evaluate before investing in the technology?

- A. Technology Strategy Development
- B. Statement of Work Development
- C. Business Requirements Development
- D. Executive Summary Development
- E. Business Case Development

Answer: E
