Exam : [646-590](#)

"Lifecycle Services Advanced Wireless(LCSAWLAN)", also known as 646-590 exam, is a Cisco certification. With the complete collection of exam questions, Just4Study has assembled to take you through 70 Q&As to your 646-590 exam preparation. In the 646-590 exam resources, you will cover every field and category in Cisco Certification helping to ready you for your successful Cisco Certification.

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for Cisco Others 646-590 (Lifecycle Services Advanced Wireless(LCSAWLAN)) examination of original title complete coverage. 646-590 exam questions help you pass the exam.

Just4Study 646-590 Feature:

* High quality - High quality and valued for the 646-590 Exam: 100% Guarantee to Pass Your 646-590 exam and get your Others certification.

* Authoritative - Authoritative braindumps with complete details about 646-590 exam.

* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Others resources, you will minimize your **Cisco Others** cost and be ready to pass your 646-590 exam on Your First Try, 100% Money Back Guarantee included!

* Free - Try free Others demo before you decide to buy it in <http://www.Just4Study.com>.

Just4Study Guarantee:

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the 646-590 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

Free 646-590 Demo Download

Just4Study offers free demo for Others 646-590 exam (Lifecycle Services Advanced Wireless(LCSAWLAN)). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **Cisco Others 646-590** examination of original title complete coverage.646-590 Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

VUE/Prometric Code: 646-590

Exam Name: Lifecycle Services Advanced Wireless(LCSAWLAN)(Others)

Questions and Answers: 70 Q&A

[Cisco 646-590](#) Test belongs to one of the Others certified test, if needs to obtain the Others certificate, you also need to participate in other related test, the details you may visit the [Others](#) certified topic, in there, you will see all related Others certified subject of examination.

Just4Study professional provide Others 646-590 the newest Q&A, completely covers 646-590 test original topic. With our complete Others resources, you will minimize your Others cost and be ready to pass your 646-590 tests on Your First Try, 100% Money Back Guarantee included!

Just4Study Help You Pass Any IT Exam

[Just4Study.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : Cisco 646-590

Title : Cisco Lifecycle Services Advanced Wireless(LCSAWLAN)

1. During Implementation Plan Development, which three of these templates and tools are leveraged to complete the tasks of "reviewing network and site remediation plans and execution status", "identifying implementation risk", and "creating site-specific risk management plans"? (Choose three.)

- A. Low Level Design
- B. WLAN Project Plan
- C. Escalation Plan
- D. Operations Support Plan
- E. Site Readiness Assessment Report
- F. Network Implementation Plan

Answer: AEF

2. Consider these activities: "Security review of the WLAN infrastructure", "Performing an infrastructure audit", and "Creating a performance baseline and executing a series of system performance analyses to provide a holistic view of the converged network of the customer". Which one of these service components involves these activities?

- A. Security Administration
- B. Operations Assessment
- C. Security Assessment
- D. Technology Assessment
- E. Business Case Alignment

Answer: D

3. Which two templates, tools, or reference materials are used in the Business Case Development service component of the prepare phase? (Choose two.)

- A. Income Statement
- B. ROI Required Information Checklist
- C. Financial Justification Case Study
- D. Preliminary Discovery Document-Gap Analysis
- E. Value Assessment Worksheet
- F. Statement of Change in Financial Position

Answer: BC

4. Select the task that is a part of Staging Plan Development in the design phase.

- A. Identify Staff Development Requirements
- B. Identify Hardware and Software Implementation Tasks and Checklist
- C. Deliver Detailed Design Presentation
- D. Host Implementation Kickoff Meeting

- E. Determine Critical Timelines
- F. Determine Cisco and Partner Roles and Responsibilities

Answer: B

5. What are two of the service components of the plan phase for WLAN? (Choose two.)

- A. Conduct Planning Project Kickoff Meeting
- B. Complete System Requirements Validation
- C. Complete the Proposal Development and Deliver Proposal for Customer
- D. Conduct Proof of Concept
- E. Complete Business Case Development
- F. Complete Implementation Plan Development

Answer: AB

6. Which of these activities comprises the service component of WLAN Site Readiness Assessment (RF Survey)?

- A. Conduct Customer Site Survey, Perform Site Gap Analysis, Develop Site Requirements Specification Report, Gather and Verify Customer Network Information, Perform Gap Analysis
- B. Collect and Verify Information About Current Operations Support Infrastructure, Identify Customer Support for WLAN, Analyze Customer Operational Infrastructure
- C. Perform Automated Scan of Ports To Determine Potential Vulnerabilities; Produce Network Map of Devices, Operating System, and Services Being Offered To the Network; Research and Confirm Registration of Target IP Address Space
- D. Execute a Series of System Performance Analyses To Provide a Holistic View of the Converged Network of the Customer, Perform an Infrastructure Audit, Complete Security Review of WLAN Infrastructure

Answer: A

7. Which one of these describes some of the common challenges in the prepare phase of a wireless project?

- A. Identify key stakeholders and business owners for WLAN Business Requirement Development workshop.
- B. Assess high-level design, BOM, and system technical requirements.
- C. Survey all environmental, RF, and physical details of specified sites.
- D. Gather information about customer network, including network architecture, topologies, usage requirements, design goals, and security policy.

Answer: A

8. Which of these tasks is associated with System Acceptance Testing?

- A. Define Project Visibility Progress Reports and Procedures
- B. Verify that Escalation Path Is in Place for Difficulties with Test Cases. Conduct a Physical Inspection with Customer Representative of the Site Workspace To Ensure that Installation Occurred Under Relevant Standards
- C. Define Technical Escalation Procedures and Define Change Order Escalation Procedures
- D. Monitor Availability of Critical Network Elements and Develop Backup and Recovery Plan
- E. Produce Service Level Reporting Results and Analyze Process Exceptions

Answer: B

9. Which three service components are included in the optimize phase for WLAN? (Choose three.)

- A. Change Management
- B. Security Assessment
- C. Operations Assessment
- D. Security Administration
- E. Operations Readiness Assessment
- F. Technology Assessment

Answer: BCF

10. Drag the activities on the left into the correct order on the right of the Migration Plan Development service component.

Answer:

11. You, as a Cisco partner, are implementing a Voice over WLAN project for a large Enterprise Campus. Which of these skill profiles should be the lead engineer on this project?

- A. routing expert
- B. Enterprise voice expert
- C. Enterprise WLAN expert
- D. Cisco security expert
- E. switching expert

Answer: C

12. Which three templates or tools are important in creating a site-specific network implementation plan? (Choose three.)

- A. Operations Plan
- B. Staging Plan
- C. Low Level Design
- D. Network Implementation Plan
- E. Acceptance Test Plan
- F. Site Readiness Assessment Report

Answer: CDF

13. Compiling a Business Case Alignment Report highlights which one of these?

- A. Areas in which current WLAN system is not meeting objectives and requirements identified in the prepare phase
- B. Ensures that the wireless network is ready and technical details are properly specified and implemented to reduce the possibility of errors or delays
- C. Reduces the risk and complications of deploying, managing, and operating wireless network infrastructures
- D. Uncovers operational inefficiencies, improves productivity, and reduces resolution time for technical issues
- E. Produces a network map of devices, operating system, and services being offered to the network
- F. Identifies critical deficiencies by analyzing and reviewing data and comparing test results with current operational requirements

Answer: A

14. Which three of these tasks occur in Incident Management? (Choose three.)

- A. Define Service Level Requirements and Priority for Each Device
- B. Devise and Recommend Workaround Solution if Means of Resolving Is Unknown
- C. Correlate and Analyze Symptoms To Determine Probable Cause
- D. Establish Escalation Notification Plan
- E. Gather Symptom Information Including Traces, Logs, and Events
- F. Populate Ongoing Support Handoff Kit

Answer: BCE

15. Which document is a prerequisite to developing a successful Migration Plan?

- A. Business Plan
- B. System Readiness Report
- C. Proof of Concept Report
- D. High Level Design
- E. Low Level Design

Answer: E
