Nortel Other Nortel Certification

920-471: Nortel Converged Office CS 1000 Rls. 5.x Config & Networking

Practice Exam: 920-471 Exams

Exam Number/Code: 920-471

Exam Name: Nortel Converged Office CS 1000 Rls. 5.x Config & Networking

Questions and Answers: 60 Q&As

([Other Nortel Certification](#))

"Nortel Converged Office CS 1000 Rls. 5.x Config & Networking", also known as 920-471 exam, is a Nortel certification. With the complete collection of exam questions, Just4Study has assembled to take you through 60 Q&As to your 920-471 exam preparation. In the 920-471 exam resources, you will cover every field and category in Nortel Certification helping to ready you for your successful Nortel Certification.

Exam : [920-471](#)

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for Nortel Other Nortel Certification 920-471 (Nortel Converged Office CS 1000 Rls. 5.x Config & Networking) examination of original title complete coverage. 920-471 exam questions help you pass the exam.

Just4Study 920-471 Feature:

* High quality - High quality and valued for the 920-471 Exam: 100% Guarantee to Pass Your 920-471 exam and get your Other Nortel Certification certification.

* Authoritative - Authoritative braindumps with complete details about 920-471 exam.

* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Other Nortel Certification resources, you will minimize your **Nortel Other Nortel Certification** cost and be ready to pass your 920-471 exam on Your First Try, 100% Money Back Guarantee included!

* Free - Try free Other Nortel Certification demo before you decide to buy it in <http://www.Just4Study.com>.

Just4Study Guarantee:

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the 920-471 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

Free 920-471 Demo Download

Just4Study offers free demo for Other Nortel Certification 920-471 exam (Nortel Converged Office CS 1000 Rls. 5.x Config & Networking). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **Nortel Other Nortel Certification 920-471** examination of original title complete coverage.920-471 Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

VUE/Prometric Code: 920-471

Exam Name: Nortel Converged Office CS 1000 Rls. 5.x Config & Networking(Other Nortel Certification)

Questions and Answers: 60 Q&A

[Nortel 920-471](#) Test belongs to one of the Other Nortel Certification certified test, if needs to obtain the Other Nortel Certification certificate, you also need to participate in other related test, the details you may visit the [Other Nortel Certification](#) certified topic, in there, you will see all related Other Nortel Certification certified subject of examination. Just4Study professional provide Other Nortel Certification 920-471 the newest Q&A, completely covers 920-471 test original topic. With our complete Other Nortel Certification resources, you will minimize your Other Nortel Certification cost and be ready to pass your 920-471 tests on Your First Try, 100% Money Back Guarantee included!

Just4Study Help You Pass Any IT Exam

[Just4Study.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : Nortel 920-471

Title : Nortel Converged Office CS 1000 Rls. 5.x Config & Networking

1. The customer network includes ranges of Directory Numbers that are routed over specific trunk routes to other nodes in the network via Direct Steering Codes (DSCs) and route lists. Which type of dialing plan is used?

- A.Uniform Dialing Plan (UDP)
- B.Flexible Numbering Plan (FNP)
- C.Coordinated Dialing Plan (CDP)
- D.Network Attendant Numbering Plan

Answer: C

2. You are using Element Manager to verify the system configuration before implementing IP Peer Networking. Which element can you configure or modify using Element Manager, assuming a VxWorks platform?

- A.Call Server
- B.Hardware watchdog
- C.Network Connection Service
- D.Basic Input Output System (BIOS)

Answer: A

3. The Network Routing Service consists of three basic components: Network Protocol, Database Synchronization, and Database. Which component(s) combines a SIP Redirect Server, SIP Registrar, H.323 Gatekeeper, and Network Connection Service into a single application for network-based routing?

- A.Database component
- B.Call Server component
- C.Network protocol component
- D.Database synchronization and database component

Answer: C

4. A company recently deployed IP telephones in its Call Center. During peak traffic conditions, callers receive an overflow tone and calls are blocked. Assume the following settings:

Zone Number = 1

Zone Intent = MO

Intrazone Traffic = Best Quality

Interzone Traffic = Best Bandwidth

Resource Type = Shared

Which programming change is recommended in Element Manager (LD 117) to provide dedicated Digital Signal Processor (DSP) resources to Contact Center IP telephones?

- A.Change Zone Intent to VTRK
- B.Change Resource Type to Private

- C.Change Interzone Traffic to Best Quality
- D.Change Intrazone Traffic to Best Bandwidth

Answer: B

5. A customer has a Communication Server (CS) 1000 network that includes three CS 1000E systems running RIs. 0 IP Peer Network. The customer has asked you when Digital Signal Processor (DSP) resources are required. How would you respond?

- A.when a direct media path is required, without circuit switching
- B.when it is necessary to connect to third-party SIP-enabled products
- C.when it is necessary to connect to third-party H.323-enabled products
- D.when it is necessary to transcode between IP and circuit-switched devices

Answer: D

6. Which Communication Server 1000 web-based administration application does the Signaling host?

- A.Call Server
- B.NRS Manager
- C.Branch Office
- D.Media Gateway

Answer: B

7. You are implementing IP Peer Networking in a network that includes three Communication Server 1000 RIs. 5.0 systems. DN uniqueness cannot be maintained so it will be necessary to route calls using site Location Codes (LOCs).

Which type of dialing plan is recommended for the call routing scenario?

- A.Uniform Dialing Plan (UDP)
- B.Flexible Numbering Plan (FNP)
- C.Coordinated Dialing Plan (CDP)
- D.Network Attendant Numbering Plan

Answer: A

8. A large customer needs a Nortel Converged Office solution that will support high availability for their employees and allows for future growth of the organization. The customer currently has 100,000 users, and is forecasting a potential growth of up to 10,000 users.

Which Nortel Converged Office deployment option would provide the optimum level of functionality?

- A.OCS 2007 Standard Edition Consolidated configuration
- B.OCS 2007 Standard Edition Expanded configuration
- C.OCS 2007 Enterprise Edition Consolidated configuration
- D.OCS 2007 Enterprise Edition Expanded configuration

Answer: D

9. You are configuring a Bandwidth Management zone on a Communication Server 1000 RIs. 5.0 Call Server using Element Manager (LD 117). The Call Server zones will be used for Intrazone communications between endpoints (IP telephones and gateways). Which is the preferred Bandwidth Management strategy, assuming the network has adequate bandwidth?

- A.MO
- B.VTRK
- C.Best Quality (BQ)
- D.Best Bandwidth (BB)

Answer: C

10. A company plans to use the Virtual Trunk Interzone traffic. You are programming a bandwidth management zone on a Communication Server 1000 RIs. 5.0 Call Server using Element Manager (LD 117).

Which is the recommended Bandwidth Management strategy, assuming that bandwidth conservation is required?

- A.MO
 - B.VTRK
 - C.Best Quality (BQ)
 - D.Best Bandwidth (BB)
- Answer: D
