HP0-045: Supporting the ESL E-Series Loblaries

Practice Exam: HP0-045 Exams

Exam Number/Code: HP0-045

Exam Name: Supporting the ESL E-Series Loblaries

Questions and Answers: 65 Q&As

([Certification I Certification III](#))

"Supporting the ESL E-Series Loblaries", also known as HP0-045 exam, is a HP certification. With the complete collection of exam questions, Just4Study has assembled to take you through 65 Q&As to your HP0-045 exam preparation. In the HP0-045 exam resources, you will cover every field and category in HP Certification helping to ready you for your successful HP Certification.

Exam : [HP0-045](#)

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for HP Certification I HP0-045 (Supporting the ESL E-Series Loblaries) examination of original title complete coverage. HP0-045 exam questions help you pass the exam.

Just4Study HP0-045 Feature:

* High quality - High quality and valued for the HP0-045 Exam: 100% Guarantee to Pass Your HP0-045 exam and get your Certification I certification.

* Authoritative - Authoritative braindumps with complete details about HP0-045 exam.

* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Certification I resources, you will minimize your **HP Certification I** cost and be ready to pass your HP0-045 exam on Your First Try, 100% Money Back Guarantee included!

* Free - Try free Certification I demo before you decide to buy it in <http://www.Just4Study.com>.

Just4Study Guarantee:

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the HP0-045 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

Free HP0-045 Demo Download

Just4Study offers free demo for Certification I HP0-045 exam (Supporting the ESL E-Series Loblaries). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **HP Certification I Certification III HP0-045** examination of original title complete coverage. HP0-045 Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

VUE/Prometric Code: HP0-045

Exam Name: Supporting the ESL E-Series Loblaries(Certification I Certification III)

Questions and Answers: 65 Q&A

[HP HP0-045](#) Test belongs to one of the Certification I Certification III certified test, if needs to obtain the Certification I

Certification III certificate, you also need to participate in other related test, the details you may visit the [Certification I Certification III](#) certified topic, in there, you will see all related Certification I Certification III certified subject of examination.

Just4Study professional provide Certification I Certification III HP0-045 the newest Q&A, completely covers HP0-045 test original topic. With our complete Certification I Certification III resources, you will minimize your Certification I Certification III cost and be ready to pass your HP0-045 tests on Your First Try, 100% Money Back Guarantee included!

Just4Study Help You Pass Any IT Exam

[Just4Study.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : HP HP0-045

Title : Supporting the ESL E-Series Libraries

1. What is connected to the cluster controller card by the drive cluster Ethernet cables of an ESL E-Series tape library?

- A. cabinet controller
- B. robotics controller
- C. local area network
- D. internal private network

Answer: D

2. Which capabilities of a TCP/IP connection are delivered by the Simple Internet Protocol Plus (SIPP)?

- A. small packets and ECC
- B. error handling and retries
- C. increased bandwidth and performance
- D. faster command propagation on inexpensive copper interconnect

Answer: B

3. Click the Exhibit button.

Which component is connected to port E1 of the cluster controller if it is in drive cluster 0?

- A. cabinet controller
- B. interface controller
- C. lower cluster controller
- D. Interface Manager card

Answer: A

4. Which ESL E-Series tape library operations require Command View TL?

- A. Licensing and Interface Manager configuration
- B. Basic and Advanced Secure Manager configuration
- C. Licensing and Advanced Secure Manager configuration
- D. Interface Manager and Advanced Secure Manager configuration

Answer: C

5. What is required to access the Advanced Secure Manager features in Command View ESL?

- A. the appropriate license key
- B. valid user access permissions
- C. a special administrator password
- D. a suitable advanced user account

Answer: A

6. What does the cabinet controller assembly of an ESL E-Series tape library provide a SCSI interface to?

- A. tape devices
- B. library robotics
- C. management interface card
- D. e2400-160 Interface Controller

Answer: B

7. Identify the default username and password for the Interface Manager command line interface of an ESL E-Series tape library.

- A. root, pwd
- B. cliadmin, clipwd
- C. admin, password
- D. administrator, administrator

Answer: B

8. You are performing a firmware upgrade using Command View TL and a Telnet session terminates it prematurely. What is the most likely outcome?

- A. The Telnet session is automatically aborted.
- B. Telnet automatically aborts the other session, but the upgrade continues.
- C. Command View TL takes precedence and continues the firmware upgrade.
- D. The firmware upgrade aborts and the device being upgraded may need physical repair.

Answer: D

9. Which tape device attribute does the Interface Manager use to determine the physical location of each tape drive in the library?

- A. bus number
- B. SCSI address
- C. serial number
- D. drive slot position

Answer: C

10. For which connection, other than the cabinet controller, is the I2C network cable used?

- A. external LANs
- B. cluster controllers
- C. interface management cards
- D. Fibre Channel interface controllers

Answer: B

11. Which port number is required when starting a Command View TL session?

- A. 2301
- B. 4095
- C. 4444
- D. 5555

Answer: B

12. Which scheme is used in the command line interface for drive and slot numbers in ESL E-Series tape libraries?

- A. 0 based
- B. 1 based
- C. 2 based
- D. Hex based

Answer: B

13. Click the Exhibit button.

Which tape library component (used to carry data cartridges to a secondary cabinet) is shown on the figure?

- A. CLM arm
- B. CLM controller
- C. picker assembly
- D. cartridge transfer robot

Answer: A

14. What does the OCP display when a library hangs because there are more than one hundred unlabeled tape cartridges in the library?

- A. Error 22
- B. Please wait
- C. Going on line
- D. Inventory failure

Answer: C

15. How often is the Command View TL Health Summary screen updated?

- A. every 30 seconds
- B. at 15 minute intervals
- C. whenever the library status changes
- D. configurable to any value up to 900 seconds

Answer: C
