### HP Certification I

**HP0-427: Implementing & Supporting HP Storage Essentials v5.0**

**Practice Exam:** HP0-427 Exams

**Exam Number/Code:** HP0-427

**Exam Name:** Implementing & Supporting HP Storage Essentials v5.0

**Questions and Answers:** 69 Q&As

( [Certification I](#) )

Exam : [HP0-427](#)

"Implementing & Supporting HP Storage Essentials v5.0", also known as HP0-427 exam, is a HP certification. With the complete collection of exam questions, Just4Study has assembled to take you through 69 Q&As to your HP0-427 exam preparation. In the HP0-427 exam resources, you will cover every field and category in HP Certification helping to ready you for your successful HP Certification.

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for HP Certification I HP0-427 (Implementing & Supporting HP Storage Essentials v5.0) examination of original title complete coverage. HP0-427 exam questions help you pass the exam.

#### **Just4Study HP0-427 Feature:**

\* High quality - High quality and valued for the HP0-427 Exam: 100% Guarantee to Pass Your HP0-427 exam and get your Certification I certification.

\* Authoritative - Authoritative braindumps with complete details about HP0-427 exam.

\* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Certification I resources, you will minimize your **HP Certification I** cost and be ready to pass your HP0-427 exam on Your First Try, 100% Money Back Guarantee included!

\* Free - Try free Certification I demo before you decide to buy it in <http://www.Just4Study.com>.

#### **Just4Study Guarantee:**

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the HP0-427 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

#### **Free HP0-427 Demo Download**

Just4Study offers free demo for Certification I HP0-427 exam (Implementing & Supporting HP Storage Essentials v5.0). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **HP Certification I HP0-427** examination of original title complete coverage. HP0-427 Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

**VUE/Prometric Code: HP0-427**

Exam Name: Implementing & Supporting HP Storage Essentials v5.0( Certification I )

Questions and Answers: 69 Q&A

[HP HP0-427](#) Test belongs to one of the Certification I certified test, if needs to obtain the Certification I certificate, you also need to participate in other related test, the details you may visit the [Certification I](#) certified topic, in there, you will see all related Certification I certified subject of examination.

Just4Study professional provide Certification I HP0-427 the newest Q&A, completely covers HP0-427 test original topic. With our complete Certification I resources, you will minimize your Certification I cost and be ready to pass your HP0-427 tests on Your First Try, 100% Money Back Guarantee included!

### **Just4Study Help You Pass Any IT Exam**

[Just4Study.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : HP HP0-427

Title : Implementing & Supporting HP Storage Essentials v5.0

1. What are management server components of HP Storage Essentials v5.0? Select THREE.

- A. SAN Explorer
- B. Global Explorer
- C. Capacity Manager
- D. Application Viewer
- E. Chargeback Manager
- F. Performance Manager

Answer: CDF

2. What is the provisioning method in the HP Storage Essentials v0 Enterprise Edition?

- A. multi-action, host based - shows all current pools allocated by hosts and cannot be scheduled
- B. single-action, single-element - occurs in real time and cannot be scheduled
- C. SAN based - shows which hosts have allocated storage in a SAN and can be scheduled
- D. storage based - shows how many hosts have allocated capacity on a storage system and can be scheduled

Answer: B

3. What do the capacity and utilization reports display?

- A. host performance - CPU and memory usage
- B. file utilization - frequently used files and unused files which may be archived to tape or optical media
- C. storage utilization - thresholds set by the administrators that provide notification when additional storage capacity must be added
- D. host utilization - mounted and unmounted disks and percentage of used mounted disks

Answer: D

4. What are additional functionalities of HP Storage Essentials v5.0 compared to v4.0? Select THREE.

- A. File System Viewer for HP-UX
- B. Oracle Viewer
- C. NAS Manager Module with NetApp support
- D. Management Appliance integration module
- E. Policy Manager
- F. integration with HP System Insight Manager

Answer: ACF

5. Which HP Storage Essentials service must be running to enable connection to a management server?

- A. SIMService
- B. MSService

- C. Inet
- D. AppStorManager

Answer: D

6. What is an advantage of the custom implementation service for HP Storage Essentials compared to the standard implementation service?

- A. a customer orientation session
- B. product integration in an IT system management framework
- C. considerable service cost savings
- D. a standard solution designed to meet the needs of most customers' businesses

Answer: B

7. What are optional HP Storage Essentials v5.0 plug-ins? Select THREE.

- A. Sybase Viewer
- B. Global Database Viewer
- C. Policy Viewer
- D. Chargeback Manager
- E. Oracle Viewer
- F. Performance Manager

Answer: ADE

8. Which operating system is supported for an HP Storage Essentials management server?

- A. SGI IRIX
- B. Red Hat Linux Advanced Server (all 32 bit)
- C. Microsoft Windows (32-bit)
- D. HP-UX

Answer: C

9. According to Gartner, which management processes are included in network storage administration? Select THREE.

- A. service management
- B. inventory management
- C. deployment management
- D. compliance management
- E. architecture management
- F. workflow management

Answer: ACD

10. When are management server events marked as "cleared"?

- A. every sixty minutes
- B. whenever the refresh button is used
- C. after the deletion and frequency time is set
- D. when the automatic delay time is completed

Answer: D

11. Which storage management problems can be addressed by implementing HP Storage Essentials?

- A. lower storage cost, shrinking IT budgets, overutilized storage
- B. uncontrolled storage growth, shrinking IT budgets, underutilized storage
- C. growing backup windows, overutilized storage, uncontrolled storage growth
- D. overutilized storage, uncontrolled storage growth, shrinking IT budgets

Answer: B

12. How does the integration of HP Storage Essentials with HP Systems Insight Manager improve efficiency?

- A. Infrastructure asset management is streamlined.
- B. Storageview presents discovery results directly in HP SIM.
- C. All discovered items are automatically stored in an Access database.
- D. Both HP Storage Essentials and HP Systems Insight Manager store their discovered information on a UNIX server.

Answer: A

13. What are steps of the HP Storage Essentials v5.0 discovery process? Select THREE.

- A. Detail Scan: Scan for SAN topology, backup topology, and all available volumes.
- B. Unlock: At the end of the discovery, data flow in the storage network is re-enabled.
- C. Setup: Before the initial scan starts, an IP address or an IP address range must be specified.
- D. Topology Scan: On the second scan after initial scan, a tree shows all dependencies between devices.
- E. Hardware Scan: After the detailed scan has completed, a hardware scan starts to identify all available resources.
- F. License Scan: After the hardware scan has completed, a scan starts to identify all licensed and unlicensed server applications.

Answer: ACD

14. Which features of Storage Essentials v5.0 include direct attached storage? Select TWO.

- A. display of ports in Performance Monitor
- B. display of connections in System Manager
- C. display of reachable ports in Path Provisioning
- D. schedule of provisioning tasks
- E. schedule of port performance data collection

Answer: BD

15. What are the two components of the connector?

- A. MySQL connector which connects HP SIM to HP Storage Essentials; HP SIM connector which connects HP Storage Essentials to HP SIM
- B. Storage Essentials connector which connects HP SIM to HP Storage Essentials; HP SIM connector which connects HP Storage Essentials to HP SIM
- C. ODBC connector which connects HP SIM to HP Storage Essentials; HP SIM connector which connects HP Storage Essentials to HP SIM
- D. SE Database connector which connects both HP SIM and HP Storage Essentials to the database.

Answer: B
