### HP Certification I

#### HP0-742: OpenView Storage Area Manager Fundamentals

**Practice Exam:** HP0-742 Exams

**Exam Number/Code:** HP0-742

**Exam Name:** OpenView Storage Area Manager Fundamentals

**Questions and Answers:** 61 Q&As

( [Certification I](#) )

Exam : [HP0-742](#)

"OpenView Storage Area Manager Fundamentals", also known as HP0-742 exam, is a HP certification. With the complete collection of exam questions, Just4Study has assembled to take you through 61 Q&As to your HP0-742 exam preparation. In the HP0-742 exam resources, you will cover every field and category in HP Certification helping to ready you for your successful HP Certification.

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for HP Certification I HP0-742 (OpenView Storage Area Manager Fundamentals) examination of original title complete coverage. HP0-742 exam questions help you pass the exam.

#### **Just4Study HP0-742 Feature:**

\* High quality - High quality and valued for the HP0-742 Exam: 100% Guarantee to Pass Your HP0-742 exam and get your Certification I certification.

\* Authoritative - Authoritative braindumps with complete details about HP0-742 exam.

\* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Certification I resources, you will minimize your **HP Certification I** cost and be ready to pass your HP0-742 exam on Your First Try, 100% Money Back Guarantee included!

\* Free - Try free Certification I demo before you decide to buy it in <http://www.Just4Study.com>.

#### **Just4Study Guarantee:**

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the HP0-742 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

#### **Free HP0-742 Demo Download**

Just4Study offers free demo for Certification I HP0-742 exam (OpenView Storage Area Manager Fundamentals). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **HP Certification I HP0-742** examination of original title complete coverage. HP0-742 Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

**VUE/Prometric Code: HP0-742**

Exam Name: OpenView Storage Area Manager Fundamentals( Certification I )

Questions and Answers: 61 Q&A

**HP HP0-742** Test belongs to one of the Certification I certified test, if needs to obtain the Certification I certificate, you also need to participate in other related test, the details you may visit the [Certification I](#) certified topic, in there, you will see all related Certification I certified subject of examination.

Just4Study professional provide Certification I HP0-742 the newest Q&A, completely covers HP0-742 test original topic. With our complete Certification I resources, you will minimize your Certification I cost and be ready to pass your HP0-742 tests on Your First Try, 100% Money Back Guarantee included!

### **Just4Study Help You Pass Any IT Exam**

**Just4Study.com** offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : HP HP0-742

Title : OpenView Storage Area Manager Fundamentals

1. Once an HP OpenView Storage Optimizer custom performance chart has been created, it becomes available for \_\_\_\_\_.

- A. any supported devices of the same model
- B. any supported device of the same device type
- C. any organization that includes devices of the same model
- D. any device supported by HP OpenView Storage Optimizer

Answer: B

2. Proper installation of a Device Plug-In (DPI) requires stopping and restarting which service?

- A. HP OpenView SAM Bridge
- B. HP OpenView SAM HostAgent
- C. HP OpenView SAM Embedded DB
- D. HP OpenView SAM ManagementServer

Answer: D

3. The charge associated with a billing cycle is dependent on the event period and the \_\_\_\_\_. (Choose two.)

- A. size of the LUN
- B. utilization of the LUN
- C. last time the LUN was accessed
- D. length of time the LUN is assigned to the account

Answer: AD

4. Which two levels of device status are reported for devices without full Device Plug-Ins (DPIs) support? (Choose two.)

- A. Critical
- B. Normal
- C. Warning
- D. Unknown/Unreachable

Answer: BD

5. What is required before LUNs can be attached to an account?

- A. They must have a service level.
- B. They must be viewable in the LUN pool.
- C. They must have a defined security level.
- D. They must be assigned to an organization.

Answer: A

6. HP OpenView Storage Area Manager discovers devices through \_\_\_\_\_. (Choose two.)

- A. DIAL on the SAN hosts
- B. SNMP from the SAN hosts
- C. DIAL on the management server
- D. SNMP from the management server
- E. API queries to the fibre channel infrastructure devices

Answer: AD

7. HP OpenView Storage Optimizer allows you to specify how often \_\_\_\_\_.

- A. hourly values will be kept before they are summarized into daily values
- B. daily values will be kept before they are summarized into weekly values
- C. weekly values will be kept before they are summarized into monthly values
- D. monthly values will be kept before they are summarized into annual values

Answer: A

8. The LUN Price/GB/Hour is the amount, in dollars, charged to the customer after the \_\_\_\_\_. (Choose three.)

- A. service level has been created
- B. LUN has been assigned to a user
- C. LUN has been assigned to a server
- D. LUN has been assigned to an account
- E. LUN has been added to the service level
- F. user has been assigned to the organization

Answer: ADE

9. To which three file formats can HP OpenView Storage Accountant customer billing information be exported? (Choose three.)

- A. .txt
- B. .csv
- C. .xml
- D. .doc
- E. .html

Answer: BCE

10. The host is found during discovery. With HP OpenView Storage Optimizer there is no host-based performance data present. Which two troubleshooting steps should be taken? (Choose two.)

- A. make sure performance collection is enabled for the host
- B. make sure the Device Plug-In (DPI) Core Class script has been run
- C. stop and restart the OpenView Storage Area Manager Host Agent services
- D. make sure Measureware/OpenView Performance Agent is properly configured and running

Answer: AD

11. The HP OpenView Storage Area Manager Bridge is \_\_\_\_\_.

- A. an integration module for storage Host Agents
- B. developed for external collection of host services
- C. provided as a point of integration for external applications
- D. part of the HP OpenView Storage Area Manager core enabling management server to Host Agent communications

Answer: C

12. With the use of the Software Development Kit (SDK), any device vendor can create a \_\_\_\_\_ that enables previously unsupported devices to be monitored by HP OpenView Storage Optimizer.

- A. script
- B. trigger
- C. property file

D. Device Plug-In (DPI)

Answer: D

13. The Host Agent runs on each host connected to the SAN and communicates to the management server via \_\_\_\_\_.

- A. RMI
- B. RPC
- C. JDBC
- D. SNMP

Answer: A

14. Which two statements are true about baselines in HP OpenView Storage Optimizer? (Choose two.)

- A. They are displayed by default on all charts.
- B. They must be manually enabled for each metric.
- C. They must be manually enabled for each device.
- D. They are required for performance thresholds to be set.

Answer: CD

15. What does the Device Discovery and Topology (DDT) component do? (Choose two.)

- A. stores device and topology data in a log file
- B. sends alerts based on topology map changes
- C. uses SNMP to discover IP-based storage elements
- D. uses DIAL on the SAN hosts to discovery in-band storage elements

Answer: CD

16. Which two HP OpenView Storage Area Network Host Agent components are involved in storage device discovery? (Choose two.)

- A. DIAL
- B. CLUI server
- C. SCSI gateway
- D. SNIA HBA gateway

Answer: AC

17. Why is it important to make sure that LUNs are physically and logically accessible to an organization by adding them to an account?

- A. The LUNs will not show up as assigned.
- B. LUNs will be removed from the pool of available resources.
- C. Organizations can be charged for LUNs that they cannot use.
- D. Usage information will be collected and no organization will be charged.

Answer: C

18. Which four HP OpenView applications have pre-defined integrations with HP OpenView Storage Area Manager? (Choose four.)

- A. Reporter
- B. OmniBack
- C. Operations
- D. Service Desk
- E. Data Protector
- F. Network Node Manager
- G. Internet Usage Manager

Answer: ACDG

19. After the HP OpenView Storage Area Manager Bridge is reconfigured, \_\_\_\_\_.

- A. the bridge service must be restarted
- B. the service files are updated automatically
- C. the bridge Device Plug-In (DPI) must be re-deployed
- D. the bridge and Host Agent services must be restarted

Answer: A

20. Which file can be edited to specify the location of the SOLID Server database?

- A. solid.ini
- B. solid.cfg
- C. SanManager.ini
- D. SanManager.cfg

Answer: A
