#### HP0-J16: Introduction to HP SANs

**Practice Exam:** HP0-J16 Exams

**Exam Number/Code:** HP0-J16

**Exam Name:** Introduction to HP SANs

**Questions and Answers:** 59 Q&As

( [Certification I](#) )

Exam : [HP0-J16](#)

"Introduction to HP SANs", also known as HP0-J16 exam, is a HP certification. With the complete collection of exam questions, Just4Study has assembled to take you through 59 Q&As to your HP0-J16 exam preparation. In the HP0-J16 exam resources, you will cover every field and category in HP Certification helping to ready you for your successful HP Certification.

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for HP Certification I HP0-J16 (Introduction to HP SANs) examination of original title complete coverage. HP0-J16 exam questions help you pass the exam.

#### **Just4Study HP0-J16 Feature:**

\* High quality - High quality and valued for the HP0-J16 Exam: 100% Guarantee to Pass Your HP0-J16 exam and get your Certification I certification.

\* Authoritative - Authoritative braindumps with complete details about HP0-J16 exam.

\* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Certification I resources, you will minimize your **HP Certification I** cost and be ready to pass your HP0-J16 exam on Your First Try, 100% Money Back Guarantee included!

\* Free - Try free Certification I demo before you decide to buy it in <http://www.Just4Study.com>.

#### **Just4Study Guarantee:**

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the HP0-J16 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

#### **Free HP0-J16 Demo Download**

Just4Study offers free demo for Certification I HP0-J16 exam (Introduction to HP SANs). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **HP Certification I HP0-J16** examination of original title complete coverage. HP0-J16 Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

#### **VUE/Prometric Code: HP0-J16**

Exam Name: Introduction to HP SANs( Certification I )

Questions and Answers: 59 Q&A

[HP HP0-J16](#) Test belongs to one of the Certification I certified test, if needs to obtain the Certification I certificate, you

also need to participate in other related test, the details you may visit the [Certification I](#) certified topic, in there, you will see all related Certification I certified subject of examination.

Just4Study professional provide Certification I HP0-J16 the newest Q&A, completely covers HP0-J16 test original topic. With our complete Certification I resources, you will minimize your Certification I cost and be ready to pass your HP0-J16 tests on Your First Try, 100% Money Back Guarantee included!

### **Just4Study Help You Pass Any IT Exam**

*Just4Study.com offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.*

Exam : H P HP0-J16

Title : Introduction to HP SANs

1. Which tasks are associated with controlling a target in a storage infrastructure management environment?

- A. discover, track, diagnose, and predict
- B. diagnose, predict, repair, and migrate
- C. configure, provision, repair, and migrate
- D. report, bill, analyze, diagnose, and predict

Answer: C

2. Normalization is important for long-term information retention. What is normalization of information?

- A. conversion of information to computer readable format
- B. conversion of proprietary data formats into industry standard formats such as XML
- C. reduction of data to its most frequently used components; archival of all other components
- D. reduction of all data formats to a common format, so data can be read by a single ILM application

Answer: B

3. What is the main challenge in discovering targets in the context of storage management?

- A. Discovery processes require the target to be reachable from the points doing the scanning.
- B. The diversity of the targets and their functions increases the complexity needed to discover them.
- C. Discovery processes interfere with production systems, so a convenient time must be scheduled.
- D. The diversity of proprietary methods complicates communication between agents and management software.

Answer: A

4. What is a common method for handling multiple reporting and monitoring functions?

- A. Use graphical reports to enhance interpretation.
- B. Combine all information into one report for simplicity.
- C. Separate low-level information reporting from higher-level analysis and decision making.
- D. Use intelligent interfaces to offload reporting and decision-making from management software.

Answer: C

5. Which software concept is the basis of automation systems?

- A. rules engines - software to create and manage rules
- B. scan engines - software to manage and interpret rules
- C. policy engines - software to manage and interpret rules
- D. model engines - software to create and manage models

Answer: C

6. Which features are provided by Information Lifecycle Management? (Select two.)

- A. measures to protect data from corruption through its life cycle

- B. technologies and processes to dispose of outdated storage equipment
- C. technologies and processes to organize data based on size and sensitivity
- D. processes that enforce data-retention policies and make decisions about appropriate data storage environments
- E. technologies and processes that determine how to store, manage, and communicate information according to its business value

Answer: DE

7. Which industry standard organization approved the Storage Management Initiative Specification (SMI-S)?

- A. ITU
- B. ANSI
- C. IETF
- D. IEEE

Answer: B

8. In the context of storage infrastructure management, what is the definition of the term target?

- A. a goal set for errors on a device
- B. an entity that needs management
- C. a disk or tape connected to a SCSI bus
- D. a vendor-specific management tool that connects to a device

Answer: B

9. Because Information Lifecycle Management (ILM) interfaces with activities and people, there is a potential overlap between ILM and other areas. Which area is likely to overlap with ILM?

- A. IT Budget Planning
- B. IT Project Management
- C. Business Financial Planning
- D. Business Process Management

Answer: D

10. Which tasks are associated with monitoring a target in a storage infrastructure management environment?

- A. identify, access, evaluate, and report
- B. discover, control, manage, and report
- C. configure, provision, repair, and migrate
- D. report, bill, analyze, diagnose, and predict

Answer: D

11. To which category of target-based management tools does HP Systems Insight Manager belong?

- A. system management
- B. network management
- C. storage systems management
- D. operating system management

Answer: A

12. What are benefits of model-based automation? (Select two.)

- A. more control
- B. cost effectiveness
- C. better organization
- D. support for complex operations
- E. reduced likelihood of human error

Answer: BE

13. What are the processing requirements of Information Lifecycle Management? (Select two.)

- A. fast

- B. secure
- C. auditable
- D. transparent
- E. easy to use

Answer: CD

14. In the Storage Management Initiative Specification (SMI-S), which communication format is used by management clients and providers?

- A. Document Object Model (DOM)
- B. Common Information Model (CIM)
- C. Desktop Management Interface (DMI)
- D. Simple Network Management Protocol (SNMP)

Answer: B

15. Which target-based management software is expected to be provided with the storage component?

- A. OS management suites
- B. system management suites
- C. network management suites
- D. device-specific management tools

Answer: D
