HP Certification I

HP0-J24: Designing and Implementing HP Enterprise Backup Solutions

Practice Exam: HP0-J24 Exams

Exam Number/Code: HP0-J24

Exam Name: Designing and Implementing HP Enterprise Backup Solutions

Questions and Answers: 60 Q&As

([Certification I](#))

"Designing and Implementing HP Enterprise Backup Solutions", also known as HP0-J24 exam, is a HP certification. With the complete collection of exam questions, Just4Study has assembled to take you through 60 Q&As to your HP0-J24 exam preparation. In the HP0-J24 exam resources, you will cover every field and category in HP Certification helping to ready you for your successful HP Certification.

Exam : [HP0-J24](#)

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for HP Certification I HP0-J24 (Designing and Implementing HP Enterprise Backup Solutions) examination of original title complete coverage. HP0-J24 exam questions help you pass the exam.

Just4Study HP0-J24 Feature:

* High quality - High quality and valued for the HP0-J24 Exam: 100% Guarantee to Pass Your HP0-J24 exam and get your Certification I certification.

* Authoritative - Authoritative braindumps with complete details about HP0-J24 exam.

* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Certification I resources, you will minimize your **HP Certification I** cost and be ready to pass your HP0-J24 exam on Your First Try, 100% Money Back Guarantee included!

* Free - Try free Certification I demo before you decide to buy it in <http://www.Just4Study.com>.

Just4Study Guarantee:

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the HP0-J24 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

Free HP0-J24 Demo Download

Just4Study offers free demo for Certification I HP0-J24 exam (Designing and Implementing HP Enterprise Backup Solutions). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **HP Certification I HP0-J24** examination of original title complete coverage. HP0-J24 Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

VUE/Prometric Code: HP0-J24

Exam Name: Designing and Implementing HP Enterprise Backup Solutions(Certification I)

Questions and Answers: 60 Q&A

HP HP0-J24 Test belongs to one of the Certification I certified test, if needs to obtain the Certification I certificate, you also need to participate in other related test, the details you may visit the [Certification I](#) certified topic, in there, you will see all related Certification I certified subject of examination.

Just4Study professional provide Certification I HP0-J24 the newest Q&A, completely covers HP0-J24 test original topic. With our complete Certification I resources, you will minimize your Certification I cost and be ready to pass your HP0-J24 tests on Your First Try, 100% Money Back Guarantee included!

Just4Study Help You Pass Any IT Exam

Just4Study.com offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : HP HP0-J24

Title : Designing and Implementing HP Enterprise Backup Solutions

1. You are required to cascade 2 units of HP B-Series 8Gb/s SAN switches using a 50/125 micron LC-LC fiber optic cable. The remote SAN switch is connected to an MSL Tape Library. What is the maximum cable length possible?

- A. 21 meters
- B. 150 meters
- C. 300 meters
- D. 500 meters

Answer: B

2. Which HP StorageWorks systems can use zero downtime backup technology and remote replications solutions? (Select two.)

- A. VLS Series
- B. EML Series
- C. XP Series
- D. MSA2000 Series
- E. EVA Series

Answer: CE

3. What is a benefit of a disk-to-disk-to-tape backup configuration in an Enterprise Backup Solution?

- A. The backup data are copied to a host-managed, low-cost disk to facilitate restores and enable short term archival storage.
- B. Because the speed of staging disks is much higher than the tape speed, the window for disk-to-disk-to-tape backup shrinks dramatically.
- C. All file transfers are controlled by the storage system software, and transfer to tape occurs through servers that send the data.
- D. The backup application backs up the primary disk data to the staging disk, allowing for quick restores of single files.

Answer: D

4. Which two-stage backup configuration would you recommend to SMB customers who want a solution that is easy to install and manage?

- A. Mezzanine Backup Solution
- B. VLS1000i with MSL2024 Tape Libraries
- C. MSA2000fc with MSL2048 Tape Libraries
- D. D2D Backup System

Answer: D

5. Given the following third-party copy sequence:

Step 1 Server initiates backup by sending list of blocks to be backed up to the third-party device.

Step 2 Third-party device issues commands to the external disk subsystem.

Step 3

Step 4 External disk subsystem sends data to tape library.

Which action is taken in Step 3?

A. Fibre Channel loop performs LIP.

B. Server IP address is changed.

C. Snapshot is taken.

D. Server backup agent is stopped.

Answer: C

6. Given the following backup tape rotation scheme:

Incremental backup daily from Monday to Friday using 1 tape

Full backup every Saturday using 1 tape

Tape rotation rule: GFS scheme

Tape retention rule: Son tape overwrites weekly; Father tape only used every Saturday

A month is calculated as 5 Saturdays.

How many tapes are required to run one month of backups?

A. 6

B. 11

C. 12

D. 15

Answer: B

7. Given a drive with the following features:

optical servo tracking

magneto-resistive cluster heads

fewer roller guides than previous generation drive

Which type of drive correctly matches the description?

A. AIT

B. DAT

C. SDLT

D. LTO

Answer: C

8. What is the benefit of having an SDLT tape drive that uses a linear recording technology where the tape media is moved past the stationary read/write heads?

A. Data stripes that are recorded in vertical format over constant tape media speed provide reliable recording.

B. Higher data density is recorded in the media in diagonal stripes format.

C. It is more reliable due to fewer moving parts and longer lifespan for the tape media.

D. A single media roller provides better tape tension during reading or writing.

Answer: C

9. What are advantages of using HP StorageWorks D2D Backup Systems over traditional backup that uses tape media? (Select two.)

A. It provides data protection.

B. It is a scalable Enterprise SAN solution.

C. It enables non-disruptive scalability using Capacity on Demand.

D. It is the safest way to store data for the long term.

E. It provides online access to backup data.

Answer: AE

10. Which elements form the backup and restore basics? (Select four.)

- A.backup strategies
- B.tape rotation scheme
- C.journal replication
- D.agents selection
- E.type of data to backup
- F.remote replication
- G.correct tape devices

Answer: ABEG
