

## HP0-X02 braindumps

### HP Certification I Certification III

**HP0-X02: Designing &Implementing HP Enterprise Backup Solutions**

**Practice Exam:** HP0-X02 Exams

**Exam Number/Code:** HP0-X02

**Exam Name:** Designing &Implementing HP Enterprise Backup Solutions

**Questions and Answers:** 109 Q&As

( [Certification I Certification III](#) )

"Designing &Implementing HP Enterprise Backup Solutions", also known as HP0-X02 exam, is a HP certification. With the complete collection of exam questions, Just4Study has assembled to take you through 109 Q&As to your HP0-X02 exam preparation. In the HP0-X02 exam resources, you will cover every field and category in HP Certification helping to ready you for your successful HP Certification.

Exam : [HP0-X02](#)

The exam questions cover the latest real test and with all the correct answer. we promise the Q&A for HP Certification I HP0-X02 (Designing &Implementing HP Enterprise Backup Solutions) examination of original title complete coverage. HP0-X02 exam questions help you pass the exam.

#### **Just4Study HP0-X02 Feature:**

\* High quality - High quality and valued for the HP0-X02 Exam: 100% Guarantee to Pass Your HP0-X02 exam and get your Certification I certification.

\* Authoritative - Authoritative braindumps with complete details about HP0-X02 exam.

\* Cheaper - Our Just4Study products are cheaper than any other website. With our completed Certification I resources, you will minimize your **HP Certification I** cost and be ready to pass your HP0-X02 exam on Your First Try, 100% Money Back Guarantee included!

\* Free - Try free Certification I demo before you decide to buy it in <http://www.Just4Study.com>.

#### **Just4Study Guarantee:**

Just4Study provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the HP0-X02 exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

#### **Free HP0-X02 Demo Download**

Just4Study offers free demo for Certification I HP0-X02 exam (Designing &Implementing HP Enterprise Backup Solutions). You can check out the interface, question quality and usability of our practice exams before you decide to buy it. We are the only one site can offer demo for almost all products.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **HP Certification I Certification III HP0-X02** examination of original title complete coverage.HP0-X02 Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

**VUE/Prometric Code: HP0-X02**

Exam Name: Designing &Implementing HP Enterprise Backup Solutions( Certification I Certification III )

Questions and Answers: 109 Q&A

[HP HP0-X02](#) Test belongs to one of the Certification I Certification III certified test, if needs to obtain the Certification I Certification III certificate, you also need to participate in other related test, the details you may visit the [Certification I Certification III](#) certified topic, in there, you will see all related Certification I Certification III certified subject of examination.

Just4Study professional provide Certification I Certification III HP0-X02 the newest Q&A, completely covers HP0-X02 test original topic. With our complete Certification I Certification III resources, you will minimize your Certification I Certification III cost and be ready to pass your HP0-X02 tests on Your First Try, 100% Money Back Guarantee included!

### **Just4Study Help You Pass Any IT Exam**

[Just4Study.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : HP HP0-X02

Title : Designing & Implementing HP Enterprise Backup Solutions

1. Which statements are true for using clones instead of snapshots for split-mirror backup? (Select two.)

- A. Fault tolerance is good.
- B. Data is lost if disks are lost.
- C. A smaller amount of disk storage for data is required.
- D. No performance impact on original disks occurs during backups.

Answer: AD

2. What is a useful feature of HP OpenView Media Operations?

- A. Administration can be performed through CommandView TL.
- B. It automatically moves expired media to the mail slot for removal.
- C. It can predict the amount of media needed per day in a backup device.
- D. It allows communication between the Integration Agent and the Data Protector cell manager across firewalls.

Answer: C

3. What is the appropriate tool to gather further information when a robotics failure occurs?

- A. Library Exerciser
- B. Element Status Test
- C. Library Troubleshooting Flowchart
- D. Library POST (Power on self test)

Answer: A

4. How can using multiple volumes on primary storage help backup performance?

- A. by minimizing the use of the tape drives
- B. by allowing multiple streams to same tape
- C. by minimizing the use of the backup server
- D. by allowing simultaneous use of the volumes by applications and the backup software

Answer: B

5. You are designing a LAN backup solution for a customer who wants to back up AVI video files. What should be considered to achieve maximum backup performance?

- A. Disable push agents.
- B. Turn off tape drive compression.
- C. Turn on client agent compression.
- D. Set the tape drive to small block sizes.

Answer: B

6. The administrator is unable to verify who has an open session with Command View ESL and must access the library to update the firmware. Which actions should the administrator take to upgrade the firmware? (Select two).
- A. Run the CLI with telnet.
  - B. Power cycle the library.
  - C. Run the CLI with a serial cable.
  - D. Power cycle the backup server.

Answer: AC

7. In addition to drivers and the backup application, which software component is crucial for bringing a multiserver solution together in an EBS?
- A. open file software
  - B. client agent software
  - C. device sharing software
  - D. database agent software

Answer: C

8. What is a best practice when configuring enterprise class tape libraries?
- A. Assign LUNs in descending order.
  - B. Assign the robot a SCSI ID lower than the SCSI IDs of the tape drives.
  - C. Assign SCSI IDs of the tape drives in descending order with physical location.
  - D. If multiple libraries are attached to the NSR, assign LUNs to the robot and associated drives of the highest SCSI bus first, then assign LUNs to the robot and associated drives of the next highest SCSI bus, and so forth.

Answer: B

9. Using the EBS troubleshooting flowcharts, what should you do first when a tape drive or library is not seen from the management tool of the Fibre Channel-to-SCSI bridge?
- A. Check the SCSI cable connections.
  - B. Verify the presence of the HBA in device manager.
  - C. Restore the router to the factory-default configuration.
  - D. Check if the Fibre Channel port speed is set correctly.

Answer: A

10. How does the HP StorageWorks Enterprise Backup Solution provide increased stability, adaptability, performance, seamless and faster integration?
- A. by using existing LAN topologies with network-attached storage devices (NAS)
  - B. through high-speed, single-server communication to tape devices using direct-attached SCSI
  - C. by exclusively using HP hardware and software components which were extensively tested and supported
  - D. through centralized backup of multiple servers, at local backup speeds, over a Fibre Channel storage network to tape libraries

Answer: D

11. Which tool can receive SNMP traps and events from a Command View server (or tape library) and can launch Command View from the context of a trap?
- A. HP Storage Essentials
  - B. HP Library & Tape Tools
  - C. HP Systems Insight Manager
  - D. HP OpenView Storage Media Operations

Answer: C

12. A server attached to SAN Switch 16 is unable to discover a tape library. What is a possible cause?
- A. The Fibre Channel SAN Switch has an incorrect IP configuration.

- B. One of the SCSI connections on the MDR does not have a terminator.
- C. The cglibrary command was not typed at the AMC prompt of the MDR.
- D. The type of SCSI module in the MDR (HVD/LVD) does not match the tape library SCSI interface.

Answer: D

13. How are ESL E-Series components connected to each other?

- A. Ethernet
- B. switched fabric
- C. Fibre Channel Arbitrated Loop
- D. Inter-Integrated Circuit (I2C) serial network

Answer: D

14. A Network Storage Router (NSR) is often attached to a tape library. What is the main purpose of an NSR?

- A. to present the library to different subnets
- B. to enable zoning for different backup domains
- C. to present the library as a NAS device to the local area network
- D. to convert between parallel and serial, electrical and optical, SCSI and Fibre Channel

Answer: D

15. For disaster recovery, many customers require that data be replicated to remote sites. What is an advantage in terms of backup operations?

- A. There is no need to transport tapes between sites.
- B. The production site only needs to perform a point-in-time copy.
- C. Data corruption from the primary site cannot be replicated to the secondary site.
- D. Backup jobs can be run at the secondary site on the replicated data to avoid overhead on the production server.

Answer: D

16. Which tools are recommended to measure the data rate from a disk subsystem? (Select three.)

- A. RAIDPerf
- B. HPWriteData
- C. HPReadData
- D. Array Configuration Analyzer
- E. Performance Assessment Tool
- F. HP Library & Tape Tools System Performance Backup Pre-Test

Answer: CEF

17. When experiencing a problem with a storage product, why does HP recommend generating a support ticket with HP Library and Tape Tools (L&TT) rather than performing only a device analysis test?

- A. The resulting data is presented in a more useful format.
- B. The device analysis test does not report media problems.
- C. L&TT connects to the HP support site to search for a solution.
- D. HP Support is automatically informed about the problem symptoms.

Answer: A

18. The load port slots in an EML E-Series Tape Library are configured as import/export slots. To change them to storage slots, what must you consider?

- A. The slots can only be used for cleaning cartridges.
- B. The slots must have fixed numbers between 0 and 8.
- C. The slots will not be counted in the numbering of storage slots.
- D. The slot numbering of any lower modules will be changed with the next inventory.

Answer: D

19. Which advantages does a tape library offer over a standalone tape drive? (Select three.)

- A. increased capacity
- B. increased automation
- C. decreased LAN utilization
- D. increased device reliability
- E. increased remote device management capabilities

Answer: ABE

20. Which steps should the administrator perform after installing Command View ESL? (Select two).

- A. Configure host access to the library.
- B. Configure SCSI IDs for each tape drive.
- C. Configure encryption settings for the library.
- D. Configure identification properties for each library.
- E. Configure compression settings for each tape drive.

Answer: AD
